About us

We make bags, backpacks and urban travel items from recycled plastic bottles.

OEKO-TEX®
CONFIDENCE IN TEXTILES
STANDARD 100

PETA-APPROVED
VEGAN

Lefrik contributes to the environment by reducing the use of virgin polyester and rather extending the life of discarded plastic bottles, while saving energy in the production process.

We want to continue working in this direction, placing quality, traceability and sustainability on the top of our minds while achieving a completely circular economy model.

We are dedicated to continue to learn and adapt our efforts for the improvement of Lefrik and its impact.

We are vegan too, Lefrik has been approved as vegan by the animal welfare organization PETA.

From the beginning, we have firmly believed that Lefrik could only work if it was sustainable.

For the past years we have been working on finding the right partners; people who not only comply with our sustainable criteria based on the best possible social and environmental practices but who also share our belief in doing the right thing for the people and for the planet.

We aspire to be known not only for our products, but also for our commitment, our humility, our capacity of work and our ability to solve problems.

We plan to continue to work hard on all these areas of focus, always placing people and the planet at the center of our thinking. We have a lot of work to do.

1% for the Planet

► Archive photos, Yvon Chouinard.

We are proud official members of 1% for the Planet - an extraordinary global network of environmental businesses and nonprofit partners who want to protect the future of our existence on the planet.

Every 1% for the Planet member takes part in building a better future—a future where giving back is the standard, and people and the planet thrive.

Through this platform, we donate 1% of our yearly revenues to fantastic organizations that put the planet first and are on the forefront of climate action.

Together we can achieve greater things. We have a responsibility to fight for the world we live in and to all the unique ecosystems that need to thrive. As its founder, Yvon Chouinard, once said:

“Everything we personally own that’s made, sold, shipped, stored, cleaned, and ultimately thrown away does some environmental harm every step of the way, harm that we’re either directly responsible for or is done on our behalf.”

Fabrics

[Main fabric]

Coating.

NEW

[New Main fabric]
Waterproof 300D RPET / PU
Coating.

NEW

At Lefrik, we always try minimizing the variety of fabric we use to reduce our carbon footprint and increase our efficiency and circularity.

To continue in this direction but, at the same time, focus on the durability of our products by offering you the best techniques in recycled fabrics, this season we are introducing two new fabrics.

1. RPET 450D Ripstop offering softer experience but high durability and a matt finish colour which will give a nicer and softer look to our smaller items.
2. RPET 300D Ripstop with TPU Coating making the fabric 100% weatherproof, anti-scratches and easy to clean by just wiping it. With this fabric we are achieving durability and functionality in our best-selling items.

[AW22] Colors and Combinations

This Autumn-Winter season we introduce a new earthy color — Camel Brown.

In addition to four color combinations on our back to school range, featuring some of our newest colorways with Lefrik classics, such as ecru, black, our crayon print, sunset and ink.

And a new combination of cold colors with stone blue and grey called Arctic.

Scout

Dimensions: 40x30x16 cm / Weight: 500 gr / Capacity: 19L
Wide main compartment with flap and cord closure. 13.6" Laptop pocket.
Adjustable padded straps. Zipper pocket in the flap and in the back.

AW22

This 19L design features a laptop sleeve, back zipper pocket and inside mesh compartments. Its drawstring cord closure and flap ensure the contents are protected from the rain, and the shoulder straps can be fully adjusted for extra comfort. Now with an improved closing system with metal carabiners to keep all your belongings safe.

► Archive photo, Dust Pink.

Scout Mini

Dimensions: 22x30x13 cm / Weight: 340 gr / Capacity: 8L
Wide main compartment with flap and cord closure.
Quick-access zipper back pocket. Adjustable cotton straps.

AW22

Mini backpack for your everyday essentials. The Scout Mini is our smallest backpack. The cotton handles make it a comfortable backpack to carry around. Featuring a separate inside compartment and zipped pocket, plus an extra anti-theft pocket in the back.

► Archive photo, Scout Mini - Stone Blue.

Scout Mini

KIDS

Dimensions: 22x30x13 cm / Weight: 340 gr / Capacity: 8L
Wide main compartment with flap and snap closure. Inside cord closure.
Adjustable cotton straps. Quick-access zipper back pocket.

AW22

The Scout Mini in its kids friendly version comes with a snap closure in replacement of the metal Hook. The adjustable cotton shoulder straps makes it a comfortable backpack to carry around for both, the big and small kids. Featuring a separate inside compartment, and two outside zipper pockets.

SAM SUZY CAMP NOAH
