Claire Barclay
=DRAWS=

AWRITE
HEN!

Hiya pal!

I'm Claire, illustrator and designer behind 'Claire Barclay Draws'.

I love creating works inspired by some of my favourite elements of Scottish culture, mainly our fun quirks and sayings which translate so well into fun, joyful greetings cards and gifts with thier own distinctive illustrative style!

I create greetings cards, art prints, tote bags, mugs, and coasters and hope to celebrate being a 'Glasgow Girl' in a fun and vibrant new way!

I love to champion small buisnesses by keeping things as local as possible so all of my products are prited/sourced from suppliers across Scotland and the UK. My colourful designs are produced as sustainably as possible using FSC approved papers, recycled envelopes and bio degradable packaging.

If you'd like to get in touch please drop me an email at clairebarclaydraws@gmail.com

Custom Illustrations

Here's some examples of custom illustration work I have done for some amazing people, from charities to illustrating a children's book and also creating marketing images for a small business giant!

If you're interested in getting any custom illustration work done please drop me an email to discuss further at clairebarclaydraws@gmail.com.

I've created a couple of designs now for the **Glasgow Children's Hospital Charity** including the most recent design to celebrate 20 years of GCHC and championing all the amazing people who work for them as well as those who fundraise and volunteer for them! They have had the designs printed onto all sorts of gift items which they sell in their fundraising hub to raise money for their amazing charity!

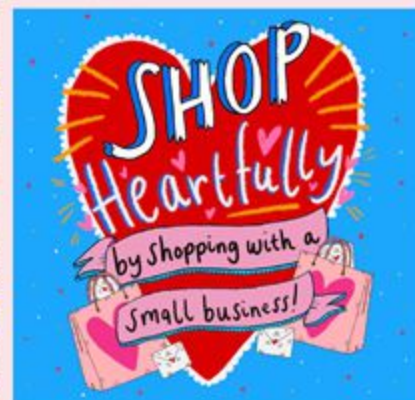

Elfingrove and the Elfonauts!

One of my dream jobs has always been to illustrate a children's book so when presenter, columnist and author Cat Cubie got in touch about a potential book project I jumped at the chance!

After meeting Cat I knew this was the dream project for me, not only was the story a heartwarming Christmas tale it was also set in Glasgow and as you can probably tell from my work by now I'm all about creating work celebrating all things Glasgow and Scotland.

It was a joy to work on this project and not only was it set in Glasgow it was also printed here! All profits from the book went to local charity Glasgow's Spirit of Christmas, who provide gifts to kids who might otherwise get nothing to unwrap on Christmas Day, there were also over a thousand copies donated to local charities, libraries, food banks, Refuwegge, Glasgow Children's Hospital and local schools and nurseries.

It was an absolute pleasure to work with Cat on this project, we got on so well creating the book and have created something we are both really proud of. See some illustrations from the book on the left!

'Shop Scotland' and 'Shop Heartfully'

Here are some custom illustrations I've designed for **Holly Tucker** at **Holly & Co.** to promote some of their different campaigns she's ran over the past few years! It's always a joy to create work that is spreading the word to shop local and independent!
