...go on, get crafting!

Hi...

...and thanks for taking a peek at Paraffle's wholesale catalogue!

I started Paraffle when I wanted to learn embroidery and couldn't find a high-quality, sustainably focused craft kit, in a design that I truly loved. So, I created my own!

That was in 2016, and sustainability, social responsibility and strong designs are still at Paraffle's core. My kits are the only UK craft kits (that I know of!) that use organic, ethically produced fabric, sourced from a family business in South India. We use sustainable, FSC certified materials in our packaging and printing; and we offset the carbon produced by both receiving goods, and sending out orders. Through various partnerships, we give at least 10% of profits to charity.

Paraffle aims to make embroidery accessible and achievable - even for total beginners. All of the kits in our wholesale offering are suitable for beginners, and come with everything needed to complete a project. As well as 'classic' embroidery hoop kits, I've developed tote bag kits, cushion kits and Customise Kits, for more eco- and fashion-minded customers.

With a constant push to use business as a force for good, plus features in various publications (such as The Guardian, Prima, Woman's Weekly), and being a guest designer for Love Embroidery magazine, Paraffle has an engaged customer base, with a range of products that customers are proud of making.

Thank you for supporting and championing small business - I look forward to working with you!

Sammy

TOTE BAG KITS

Most Paraffle designs are available as Tote Bag Kits: crafty, sustainable, and functional.

Our tote kits include an Earth Positive bag: organic cotton, ethically traded, and carbon neutral manufacturing.

CUSHION KITS

Most Paraffle designs are also available as Cushion Kits.

The cotton for our cushions is made by an organic, ethical family business in South India; this fabric is then given to a local women's cooperative to be sewn into cushions.

CUSTOMISE KITS

10 designs printed on adhesive, water-soluble fabric stabiliser, with instructions, 8 colours of DMC thread, needle, and thread organiser.

Packaging: A5 envelope, made ethically in India using cotton rags from recycled T-Shirts.

Featured in Prima and Crafts Beautiful.

Countryside
