About

Christine trained in Architecture and Engineering in Aberdeen, Glasgow, and Yorkshire. Following many successful years working in the corporate and technical world while developing her own artwork style, she set up Xtineart as a full-time artist, using her family nickname, in late 2021.

Working mainly in watercolour and oil paints using bold bright bursts of colour she captures her vision of a variety of subjects, including the animals, wildlife, landmarks, and landscapes of Scotland.

Living on the west coast of Scotland, she runs her business, painting, designing, and creating artwork and gift ranges, manufactured in small batches from her home studio in Ayrshire.
