THE BULLOCH COLLECTION by Sarah Jane Hemsley Upholstery

Sarah Jane is a professional upholsterer from the Isle of Bute. The Bulloch Collection is her first print design collection and has been designed and created using original screen printed ink drawings of the Isle of Bute by Lyn Bulloch.

Sarah Jane grew up on the Isle of Bute where Lyn was her school art teacher, family friend and well known local artist.

He studied at Glasgow School of Art in the early 1960's, developing a distinctly mid century style to his illustrations and colour palette which he applied throughout his lifetime.

Sarah Jane is very grateful to the Bulloch family for their continued support.

*For each 'Waverley' design sold a 10%
donation will be made to the PS Waverley
toward ongoing running & maintenance costs.*
