‘ALL WATCHES HAVE TIME, OURS HAVE HISTORY’
Handcrafted from whisky barrels, made in Scotland.

Fiodh is a start-up based in Glasgow, Scotland founded by designer Michael Youmans back in 2017. The original idea behind the business was to create a modern product inspired by Scotland. He came up with the concept of using wood from whisky casks to create a stylish authentically Scottish watch.

Fiodh has been awarded recognition by the Scottish Herald and won awards such as SIE Creative Industries Award and the Scottish Edge for the Young/Creative Edge Award.

Scotland is known around the world as a country that has these values within its heritage and we believe we can be the brand that connects these together.

We are in love with Scotland and our products are designed with pride knowing that the roots are inspired by the culture and heritage at its core.

THE WHISKY WATCH

The Fiodh brand was established to share the love we have for Scotland and its rich heritage. Time created that heritage, it's now time to share our story.

The name “Fiodh” derives from the Gaelic word for “wood”. The business’ core value is to “Promote the beauty of Scotland with a modern twist and aims to be at the forefront of Scottish design.

DESIGNED AND MADE IN SCOTLAND

THE WHISKY WATCH

PRICE: £125
RRP: £260
MQO: 5

All our watches are never the same and one of a kind, they come in different shades of colour and grains due to the properties of the barrels. The watches are hand-finished using Danish oil to bring out the rich grains of the wood.

The straps are handmade and handstitched using a selection of fine Scottish leather produced by Muirhead since 1840.

- Swiss Ronda 762
- Mineral glass with silver trim
- 42mm whisky barrel case width
- 11mm case height
- Splash resistant
- 20mm Handmade Scottish leather strap
- 3 year warranty

*Comes in black or brown leather.

Free postage within UK/EU (Customs Tax not included)
