#SofterThanASoftThing

Welcome

from Jo Holland (MD)

Back in 2005 we produced our first sheep to sell at shows and events around the UK, hence our company logo.

Since then, Jomanda has become an established soft toy company, distributing to gift shops, toy shops, and boutiques in the UK and Europe, as well as selling directly to the public. All of our toys are suitable from birth, carrying the CE mark, with the emphasis on quality and durability.

We are based in the lovely Leicestershire village of Skeffington, come and visit us in our newly built on-site showroom.

Give us a call and get to know us. We will endeavour to make you happier than a happy thing with our *#softerthanasoftthing* toys and personal service.

Best wishes, Jo

HOT WATER BOTTLE THE ADVANTAGES

COLON PROBLEMS

Put the warm bottle on your abdominal area while laying in bed and relaxing, it will ease the articulation of the muscles and the pain will eventually vanish.

BACK OR MUSCLE PAIN

Place a hot water bottle on the affected area; it will help you to soothe the pain.

WARM YOUR BED

You can place a hot water bottle in your bed for 10-15 minutes before you plan to sleep, or just go to bed with it. In any case, it will fill you with comfort, warmth, and relaxation.

RELIEVE STRESS AND ANXIETY

It can improve your blood circulation, which can help you relax. You can add some essential oils inside or even meditate with it. Trust me it's a very efficient medium.

BETTER DIGESTION

Hot water helps much more than that. In case you have a fever, warm water reduces the body's effort to fight the virus as much as it helps to improve bowel movements. Hence, it helps move the fats along and allows better digestion.

SMOOTH NIGHT

Just plug it in between your feet and you will get a deep sleeping night full of relaxation.

CAMPING WITH FRIENDS

You can indeed carry it with you while camping with your friends or alone because the weather can be so cold at night and you will need to warm yourself using fire, but the hot water bag should be a smoother medium for you in that case.

In fact, you are always allowed to take your hot water bottle with you on the trips in planes or on buses, it's great for hot to cold climate changes.

HEALTHY WARM

Your hot water bag is a natural friend to you, how? Well by using it daily before you sleep or while watching TV will enhance your body's immune system nicely and efficiently. That's why the hot water bags are always favorable for us in the winter because they seem always to be a less expensive way to get warm.

FEELING LONELY AT BED

It is a magnificent tool for you to relieve boredom before falling asleep; lie on your bed and keep hugging your hot bag till you fall asleep. And eventually, you will get some sweet dreams.

USE IT IN YOUR CAR

On a very cold day, just place your hot water bottle on your dash about a half hour before you leave and watch the windows clear up. The heat will radiate throughout your vehicle.

LESS EXPENSIVE

While using a hot water bottle it will not burden you with any extra cost like other heating pads and electric blankets that raise your electricity bills. Furthermore, there is no risk of getting an electric current while using water bottles.

SAFE FOR CHILDREN, BIRDS AND ANIMALS

In farms, they put hot-water bags in pens for newly-hatched ducks and chicks. It gives them warmth and hence stays there lots of the time. Also, putting a hot-water bag below the sleeping pillow of a puppy makes them feel much safer, calmer warmer, and sleepy.
