## ABOUT US

### OUR PRODUCTS

We are excited to announce lots of new products for 2023. These include a range of home textiles and kitchen products, new designs and a long overdue revamp of my landscapes, mugs and coasters.

At Christine Allan Artist studios we pride ourselves on the fact that the vast majority of our gift and home ranges are not just designed in Scotland, but manufactured, printed and produced here too.

We still outsource some products, but when we do we ensure these are made in the UK from reputable high quality suppliers and producers.

We are always working on new ideas and designs and will be adding more products to our range throughout 2023. We are always looking to expand our range and would be happy to discuss any requests for bespoke products or commissions.

### ABOUT THE ARTIST

Christine trained in Architecture and Engineering in Aberdeen, Glasgow, and Yorkshire. After many years working in corporate and technical roles, she set up Xtineart in late 2021.

Working mainly in watercolour and oil paints using bold saturated colour she captures her vision of a variety of subjects, including the wildlife, landmarks and landscapes of Scotland.

Living on the west coast of Scotland, she runs her business, painting, designing, and creating artwork and gift ranges, manufactured in small batches from her home studio in Ayrshire.

Our full product range is constantly updated online at [www.xtineart.co.uk](http://www.xtineart.co.uk)
