# A note from us

Welcome to our new Heather Hats brochure! There are now over 50 styles in hats, caps, bags, and accessories – many with several colour options to choose from.

Heather has been supplying the retail sector with high quality hats and accessories for more than a decade. Using mainly British Tweeds and Waxed Cottons, Heather is recognised as a brand that delivers on the key principles of quality and affordability.

This year, we have introduced a compact range of exceptional Harris Tweed Bags – all made with genuine leather. New headwear products include our Graphic Camo baseball caps, Beanie hats and three stunning additions to our Women's waxed hat collection.

Heather endeavours to provide an in-stock service where possible and we pride ourselves on fast delivery with no minimum order. You can order from us by email, phone or through one of our agents. Details of the agent for your area appear at the end of this brochure. You can also order online at [www.heather-fashions.com](http://www.heather-fashions.com).

As always, we value the support our customers give us each year and we wish you all the very best for 2023 and beyond.

Best Regards,

Jon Stafford  
Director

# Fabric Brands

For 10 years we have provided our customers with the highest quality classic styles at affordable prices. Over those years we have worked with the best British fabric brands to ensure our products are not only high quality, but stylish too.

## Harris Tweed

From time immemorial, the inhabitants of the Outer Hebrides of Scotland have woven a beautiful and intricate cloth the world knows simply as HARRIS TWEED. The islanders of Lewis, Harris, Uist and Barra produce this luxury cloth entirely by hand and have long been known for the excellence of their weaving.

## HALLEY STEVENSONS SINCE 1864

Halley Stevensons are the world's leading waxed cotton fabric innovators,

manufacturers and suppliers of specialist weatherproofed canvas. Established in 1864, they create outdoor fashion apparel fabric at their Baltic Works plant in Dundee, Scotland. The beauty of waxed cotton is its durability and longevity; it is built to last. The fabrics are breathable, the wax adjusting to ambient temperature to be softer/more breathable in warm weather and stiffer/more wind proof in cold conditions. Its proofing can be maintained by the end user, by applying wax into the surface, keeping it soft, supple and weather-resistant

Founded in 1837 and with roots in apparel, Moon is one of the last remaining vertical woollen mills in Great Britain, with a reputation for consistent quality and innovative design. The Guiseley mill produces a huge selection of tweeds, twills, herringbones and plain weaves.

Mallalieu of Delph have been weaving fine fabrics in England for over 150 years. Five generations of family have been involved in the traditions and skills which have seen great technological changes in the way that wool, silk, cotton and other yarns are converted to fabric.
