Welcome to Little Giorgo's Designs

Our Story

Little Giorgo's Designs creates cute hand drawn, design-led greeting cards, prints and gift wrap papers using our six-year-old son Giorgo's adorably amusing and charismatic illustrations.

Designed in Scotland and printed in the UK on FSC® certified papers using high quality HP Indigo inks, our products are completely plastic-free, fully recyclable and biodegradable.

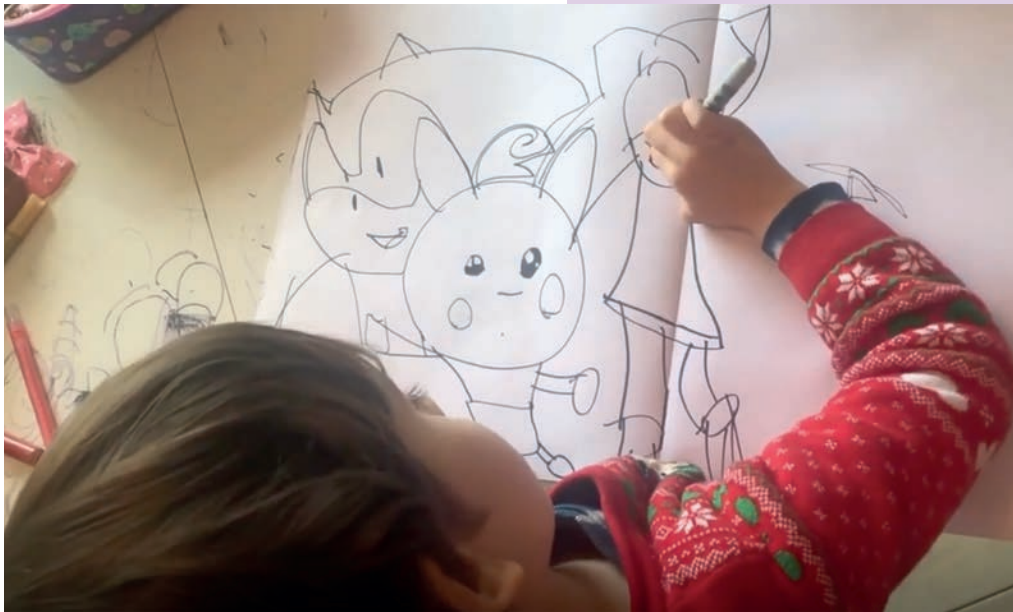

Over the last three years - out of his six on the planet - Giorgo has drawn hundreds of happy-go-lucky animals (he really really loves cows), dinosaurs, superheroes, gaming characters and sometimes people, all of whom he imbues with his own kind and loving self.

Our cards appeal to both children and adults.

Humorous, cute, and always bursting with life and joyful characters, we hope Little Giorgo's Designs makes you smile.

How are our cards made?

Giorgio's Drawings

Our family company values are spreading the joy of children's art, positivity, and celebrating the need for different minds.

Giorgio is a self-taught artist and hand drew all the drawings you see on our cards, gift wrap and prints between the ages of 3-6 years old.

A unique feature of our brand is that our larger-than-life designs run across both the front and back of each card adding even more delight to any occasion.

Environmentally Friendly

Designed in Scotland and printed in the UK on FSC® certified papers using high quality HP Indigo inks, our cards, prints, and gift wrap papers are plastic-free, fully recyclable and biodegradable.

Our designs are printed onto premium white, uncoated Arena Smooth FSC® certified, Fedrigoni paper (made with ECF pulp).

Indigo Inks

The vibrant colours, excellent image rendering and sharp images on our cards are achieved using high quality HP Indigo inks.

Our customers tell us they love our bright colours and Giorgo's 'wonderful and 'heartfelt' illustrations' which are: 'really unique', 'amazing!', 'such a great idea!', 'eye-catching', 'so cute', 'epic', 'so happy' and 'a lot of fun!'.

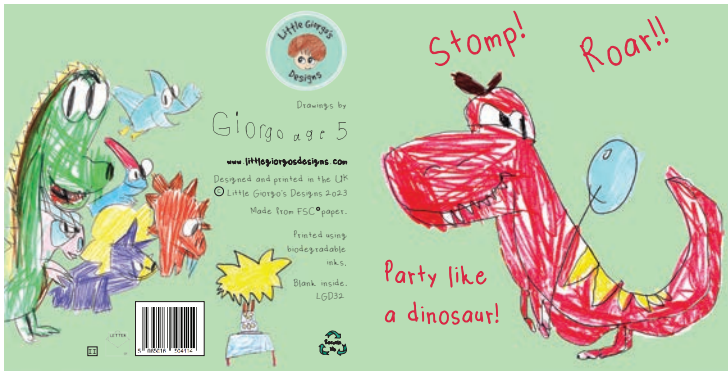

Envelopes

Each of our 14.8cm x 14.8cm square luxury cards is paired with a gorgeous, gummed diamond flap envelope (15.5cm x 15.5cm).

The colour of each envelope is individually selected to help the colours on the front of each card 'pop' even more when on the shelf.

Each card and envelope are secured with a peelable sticker displaying our distinctive Little Giorgo's Designs teal logo.
