ISHBEL  
WATSON

Ishbel Watson Studio is a proud independent business founded by me – a jeweller, designer, maker and colour loving human called Ishbel.

Inspired by geometric forms, modernist architecture and mid-century design, I create bold colourful statement jewellery and homewares.

My mission is simple: to fill the world with colour, one joyful design at a time.

Each piece is made with love, heart and soul in my Glasgow studio.

# PARADISO

---

Dreamy jewellery evocative of long summer days, beachy sunsets and hazy evenings.

Modernist geometric shapes are delicately strung together for maximum flexibility and natural movement.

Soft ombre colours and dappled texture make them the perfect colour injection to any outfit.

Made from responsibly sourced birchwood ply, the jewellery is ultra light-weight – made to be worn all day and long into the night.

# ICONS

---

Inspired by a deep love of leopard print and nights on the dance-floor, the ICONS collection has been designed to spark joy.

Made using lasers and featuring bold graphic patterns.

Each piece is named after a music icon in a nod to some of the legends who have helped shape me.

Digitally printed on sustainably sourced maple wood, the jewellery is lightweight, effortless to wear and perfect for making shapes on the dance-floor.
