

PRODUCT BROCHURE

WELCOME

...to our Newest Cake brochure.

Over the past year we have been creating like crazy to bring you new Cakes, Traybakes and an exciting New Range of Mini Loaves. We didn't stop there! – we then improved our current round cake recipes, added more caramel and jam to our most popular products to make them even more irresistible.

Our Cakes are proudly handmade in our Glasgow based bakery. We exclusively use free-range eggs in all of our bakes, sustainably sourced ingredients and fully recyclable packaging – this way each slice can be enjoyed completely guilt free.

We hope you enjoy exploring our products. If you have any questions please do not hesitate to contact the office or myself directly.

PRODUCT LIST

HOW TO TAKE CARE OF YOUR TRAYBAKES & CAKES

TRAYBAKES

- Defrost (6-8 hours) & store at room temperature to maximise shelf life. Chilling products will dry them out.
- Use a knife to trace the cuts - this will ensure they can be removed without getting damaged.
- Display in a dome or cabinet to lock in all of the yummy moisture.
- Store in an airtight container overnight.
- Always check the date on the labels to ensure products are served at their best.

CAKES

- Remove all packaging before defrosting as this can stick to the yummy toppings once the cake begins to thaw.
- Defrost (6-8 hours) and store at room temperature - chilling will dry the sponge out.
- Ideally store in a cake dome or cabinet to lock in the moisture.
