ABOUT THE ARTIST

Drawing inspiration from popular wildlife, Cherith creates artistic and distinctive designs that are brought to life on a variety of high quality, beautiful and practical gifts, all of which have been proudly made in the UK.

When Cherith was seven years old, she rescued an injured wild baby rabbit and has been fascinated by the animals and wildlife that surround us ever since. Cherith loves to observe animals, watching how they interact with others and studying their appearances and their human-like tendencies and characteristics. Inspired by this, Cherith has designed beautifully artistic, quality and practical gifts for the style-conscious animal and/or art lover!

HIGHLAND COW

"Printed in bold reds, oranges and a pop of pink this collection has been a strong seller since it launched in 2014. The love people have for this iconic animal is unwavering which is why I decided to create an additional highland cow range, aptly name Highland Cow Love.

My illustration of Scotland's big, friendly giant is accompanied by delicately drawn fir trees, although the colours in the design are autumnal the items in this collection are popular and sell consistently throughout the year." - Cherith

HIGHLAND COW LOVE

"My Highland Cow Love range has been printed in earthy tones of orange, green and brown and features my illustrative design of a parent and child highland cow sharing a tender moment in big, open fields. The hills in the background are inspired by my travels, gazing out the aeroplane window to the fields below I always imagined them as being a giant patchwork quilt. The colours and textures would always vary from country to country but nothing felt more familiar and welcoming than the fields on my home turf, even if the Scottish weather I was coming back to was awful!

When I designed this collection at the end of 2020 I wanted to create designs that were wholesome, positive and heart-warming. 2020 was the year we all had to embrace a much slower pace of life and begin appreciating simple things such as a walk in the park and uninterrupted time with our loved ones.

I hope this collection featuring affectionate parent and child 'Heilan Coos' grazing happily in lush pastures helps bring a little bit of joy and feel-good vibes to people's every day lives." - Cherith

WOODLAND CREATURES

"Hand-made in the UK and printed in fresh greens, lilacs and browns, my Woodland Creatures collection feature my botanical designs of iconic woodland animals, tree leaves and bluebells. A fox, hedgehog, wild rabbit and red squirrel feature in the design

alongside beautiful bluebell flowers, which appear in an eye-catching pattern with leaves from popular tree species such as willow, birch, beech, horse chestnut, sycamore and rowan." - Cherith
