THE CANDLE MAKING JOURNEY

Julie Clarke candles use 100% pure natural vegan waxes that come from a biodegradable, renewable resource. Each fragrance contains a unique mix of natural plant-based ingredients. Julie Clarke Candles custom blends specific wax formulas designed to complement every candle scent. After the addition of the fragrance, the wax is hand poured at a temperature of around 55°C into pre-warmed containers. When your candle has burned down, our wax cleans out easily with soap and hot water, leaving you with a lovely storage jar or translucent porcelain lantern to pop a tea light into.

BOTANICAL FRAGRANCE

Julie Clarke Candles has collaborated with a French perfume house to design a bespoke range of vegan fragrances to make you feel like you are in your garden.

NATURAL HAND & BODY CARE

Julie Clarke hand & body wash and lotion are ideal for all skin types, including sensitive skin. They contain only natural plant-based ingredients and natural botanical extracts which provide gentle but effective cleansing & moisturising while protecting the skin. Restore your skin with Julie Clarke superfruit hand lotion which is high in omega acids increasing hydration and leaving a smooth, silky finish. Our lotion is packed full of beneficial ingredients, plant based botanicals and organic vitamin E, to protect the skin's surface layers, creating smoother softer skin.

VEGAN & CRUELTY FREE

Julie Clarke Candles is proud to have its products registered with the **Vegan Society**.

The Vegan registered trademark of a sunflower is used on labels worldwide as the authentic standard for products free from animal ingredients and animal testing. Look for this Vegan Society logo on the front of all our candles and diffuser boxes.

Vegan friendly candles and diffusers eliminates all animal derived ingredients. All our products carry the sunflower symbol and do not contain any animal derived ingredients and are free from any animal testing.

For more information on the Vegan Society please see www.vegansociety.com

Julie Clarke Candles products are also approved under the **Cruelty Free International Leaping Bunny** programme, the internationally recognisable gold standard for cruelty free products. We adhere to a fixed cut-off date policy and proactively monitor our suppliers to ensure that our products continue to adhere to the Leaping Bunny criteria. Our supplier monitoring system is also independently audited. **www.crueltyfreeinternational.org**

HAND & BODY LOTION

These superfruit hand & body lotions are formulated with moisturising botanicals and a superfruit blend that slows down the loss of water from the skin. Organic jojoba and antioxidant cranberry seed oils help to repair your skin cells by forming a barrier on the surface, leaving your skin velvety soft.
