

Jackton Art

Contemporary art prints and gifts
celebrating Scotland's buildings and places

Wholesale brochure 2024

“Scotland is full of amazing places. These buildings and places trigger memories and emotions and our aim is for this to come across in the art we make.”

Original designs by Jackton Art featuring detailed pen and pencil drawings combined with digital photography to bring a contemporary feel to our work.

We are a family business, started during lockdown 2020, and based in the village of Jackton, Lanarkshire

Jackton Art started one rainy Sunday. I drew the church where my parents married as an anniversary gift. The reaction was amazing, “You drew this? Really?!!”

The idea of Jackton Art was born to produce drawings of Scotland that bring back memories and emotions of special places.

David is the artist, drawing highly detailed pen and pencil drawings of Scottish places. Natalie is our digital Artist, adding coloured backgrounds and effects to give our work a contemporary feel. Frances runs much of the operational side of the business in between lecturing at our local college.

Thanks for coming with us on this journey.

COMMISSIONS

We'd love to discuss a commission of a place that means a lot to your brand or business. Commissioning a bespoke piece of art is a great way to stand out to your customers, partners and staff.

We will work with you to agree the composition of the drawing using either photographs you supply, an onsite visit and/or photographs freely available online.

Once your drawing is ready we will produce a selection of coloured background options along with the black/white drawing for you to select the final piece of artwork.

Pricing

A3 Framed commissions are £200. This fee is waived for an initial wholesale order above £500.

You can purchase a license to use the drawing for a fee between £450-£950, plus an annual license to use, depending on the commercial terms agreed. This enables you to use and reproduce the image for your own purposes.

We love working with local charities who do good in their communities and reduced prices are available to those groups.
