EDITION THREE

NEW! Equinox lamp base – see back page...

Hello!

Welcome to the third edition of our 2024 catalogue - it's only a small update this time, but we couldn't wait to show off our new 'Equinox' lamp base - see front and back covers.

Humblewood's range of uniquely colourful homewares and gifts will brighten many a home interior. All our designs are created in-house and are prepared in small batches, ensuring a truly personal service for independent retailers.

Our ranges cover various areas of home decor, including clocks, lighting, kitchen ware, small home accessories and gift items, making our products appealing to many different buyers.

Clocks and lamps are particular favourites, so we have added more new designs this year. As always, all our products are available in a wide range of colours, with 3 new additions this year (see page 31), and most items can also be ordered unpainted in ash or oak, for a more traditional look.

Prices remain broadly unchanged again this year, with some actually being reduced! The current price list can be viewed and downloaded online:

<https://bit.ly/Humblewood-prices>

Thank you for considering our products for your shop or gallery. Please don't hesitate to get in touch if you have any queries.

With best wishes from team Humblewood...

Bob, Eunice & Barney

Discount scheme
Orders between £350 and £499.99 will receive a 5% discount. While orders of £500 or more will benefit from a 10% discount.
Order values ex VAT.

We support Just A Card - a grassroots campaign on a mission to encourage people to buy from artists, makers, independent shops and small businesses by emphasising that all purchases however small, even 'Just A Card', are vital to the prosperity of independents.

We feel that we have a vested interest in our retailers' success, because without them we would simply not have a viable business of our own.

So as a small gesture of support for our lovely retailers we don't sell direct to the public under the Humblewood name.

You can find out more about Just a Card and get involved online at:
justacard.org | @Justacard | #justacard

Each clock is supplied with a fresh battery

legs for easy of transport.
Size: 710 x 320 x 320 HF 003

Humblewood are...

... designer-maker **Bob** and sister **Eunice**, who is in charge of painting and finishing (and much else too!), plus **Barney** who mostly lies in just the wrong place and gets under our feet.

Working in our tiny rural workshop, we design and make a range of home accessories and gift items. Featuring a dash of eco-friendly colour, our home and gift wares ooze with a retro-inspired personality.

Using sustainably-sourced native hardwoods (mainly ash), we hand-craft our products in small batches using traditional tools and methods – no computer-driven machinery here! Finishing is all done by hand too, using only non-toxic materials. Our timber is sourced locally – as far as possible from windblown or damaged trees. Humblewood's main design influences are the clean, clear lines of contemporary Nordic and mid-century modern styles. But we have worked hard to develop our own designs with their colourful sense of style, while still being useful and practical (and of course, a wee dash of playful quirkiness never goes amiss!).

Our range consists of products ranging from key rings and door wedges to clocks, lamps and vases, with everything available in a range of 23 colours, three metallics or in unpainted oak. There is no minimum order and our carriage paid value is just £150. We also offer a discount scheme for larger orders.

Bob, Eunice & Barney,
team Humblewood

Design

Quality design is as much to do with functionality as it is about creating good looks. So while a little quirky, our products are all made to be used and enjoyed.

Finishing

All of our items are individually hand-crafted and finished in Britain by real human beings – us!

The eco-friendly colours are applied by hand and protected with a hard wearing water-based varnish. Where polishes or oils are used, they are made from natural substances such as beeswax or linseed oil. Clocks are completed with a quality quartz movement and come with a fresh battery. Lamp bases are supplied with UK-made brass fittings. Vases are supplied with easily washable glass inserts.

Sustainability

Our choice of materials and working methods always has an eye on ensuring we are as planet-friendly as possible. The hardwoods we work with are sustainably sourced from within the UK.

As far as possible, our packaging is recyclable.

Discount scheme
Orders between £350 and £499.99 will receive a 5% discount. While orders of £500 or more will benefit from a 10% discount.
Order values ex VAT.

Humblewood colours 2024

Choices, choices, choices...

All our items are available in any of the following colours. Choose from subtle pastels, strong classics, in-your-face brights or shiny metallics.

You want more..?

We are happy to supply our products in your choice of bespoke colour. If we can get the paint, you can have it! Minimum order of £100 worth of items in the special colour.

All items are available in 23 colours, 3 metallics or unpainted oak!

We've rearranged our colour pallet...

To make choosing colours simpler, we have now arranged them with similar colours shown together. Colours previously arranged in groups of 'Bright', 'Classic', 'Pastel' or 'Metallic' are indicated by the letters, **B**, **C**, **P** or **M**. (Colours shown are an approximation due to the variations of computer / device displays.)
