Hello!

Welcome to the 3rd edition of our 2025 catalogue with its mix of old favourites, some updated designs and several new additions.

Among our ranges of uniquely colourful homewares and gifts, clocks and lamps are regular best sellers. So we have added more designs this year, including Tide Times and Moon Phase clocks! And our new range of 'Wave' trinket boxes are sure to make popular gift purchases for customers looking for something a little different.

Our products are available in a wide range of colours (see inside back cover), and can be ordered unpainted too. All our designs are created in-house and are prepared in small batches to order, ensuring a truly personal service for independent retailers.

We've worked hard to keep prices unchanged again this year, and the trade price list can be viewed and downloaded online:

We'll leave the last words to one of our lovely retailers...

"Humblewood was one of the first suppliers I contacted when I was opening my shop in 2023. Their beautifully crafted wooden homewares have become a benchmark for the quality we strive to offer. Each piece is always of the highest standard: I can confidently sell them knowing my customers are purchasing something that will last the test of time."

Emma Hatchard, The Pot & Pineapple, Whitby

Thank you for considering our products. Please don't hesitate to get in touch if you have any questions.

With best wishes from team Humblewood,
Bob, Eunice & Barney

We support Just A Card - a grassroots campaign on a mission to encourage people to buy from artists, makers, independent shops and small businesses by emphasising that all purchases however small, even 'Just A Card', are vital to the prosperity of independents.

We feel that we have a vested interest in our retailers' success, because without them we would simply not have a viable business of our own.

So as a small gesture of support for our lovely retailers we don't sell direct to the public under the Humblewood name.

You can find out more about Just a Card and get involved online at:

Humblewood are...

... designer-maker **Bob** and sister **Eunice**, who is in charge of painting and finishing (and much else too!), plus **Barney** who mostly lies in just the wrong place and gets under our feet.

Working in our tiny rural workshop, we design and make a range of home accessories and gift items. Featuring a dash of eco-friendly colour, our home and gift wares ooze with a retro-inspired personality.

Using sustainably-sourced native hardwoods (mainly ash), we hand-craft our products in small batches using traditional tools and methods - no computer-driven machinery here! Finishing is all done by hand too, using only non-toxic materials. Our timber is sourced locally - as far as possible from windblown or damaged trees. Humblewood's main design influences are the clean, clear lines of contemporary Nordic and mid-century modern styles. But we have worked hard to develop our own designs with their colourful sense of style, while still being useful and practical (and of course, a wee dash of playful quirkiness never goes amiss!).

Our range consists of products ranging from door wedges and egg cups to clocks, lamps and vases, with everything available in a range of 23 colours, three metallics or unpainted. There is no minimum order and our carriage paid value is just £150. We also offer a discount scheme for larger orders.

Bob, Eunice & Barney,
team Humblewood

Design

Quality design is as much to do with functionality as it is about creating good looks. So while a little quirky, our products are all made to be used and enjoyed.

Finishing

All of our items are individually hand-crafted and finished in Britain by real human beings - us!

The eco-friendly colours are applied by hand and protected with a hard wearing water-based varnish. Where polishes or oils are used, they are made from natural substances such as beeswax or linseed oil. Clocks are completed with a quality quartz movement and come with a fresh battery. Lamp bases are supplied with UK-made brass fittings. Vases are supplied with easily washable glass inserts.

Sustainability

Our choice of materials and working methods always has an eye on ensuring we are as planet-friendly as possible. The hardwoods we work with are sustainably sourced from within the UK.

As far as possible, our packaging is recyclable.

Discount scheme
Orders of £500 or more benefit from a **10% discount.**
Free UK-wide delivery for orders of £150.
Order values ex VAT.

Humblewood colours

Choices, choices, choices...

All our items are available in any of the following colours. Choose from subtle pastels, strong classics, in-your-face brights or shiny metallics.

You want more..?

We are happy to supply our products in your choice of bespoke colour. If we can get the paint, you can have it! Minimum order of £100 worth of items in the special colour.

All items are available in **23** colours, **3** metallics or naked!

We've rearranged our colour pallet...

To make choosing colours simpler, we have now arranged them with similar colours shown together. Colours previously arranged in groups of 'Bright', 'Classic', 'Pastel' or 'Metallic' are indicated by the letters, **B**, **C**, **P** or **M**. (Colours shown are an approximation due to the variations of computer / device displays.)
