## OUR SOCIAL PURPOSE

We believe that everyone, regardless of disability, should have the opportunity to work. Given the right conditions, everyone has the potential to contribute to our society and in doing so, will learn to value themselves and be valued by others. We are proudly part of COPE Ltd, a successful social enterprise and registered charity based in Shetland.

# GREAT PRODUCTS, GREAT PEOPLE

At Shetland Soap Company, we work alongside adults with learning disabilities to produce a range of handmade soap and skincare products, inspired by the beauty of our islands

## INSPIRED BY SHETLAND

### OUR SURROUNDINGS

All our products are hand made in Lerwick, a stone's throw away from the sea. We have crafted collections to pay homage to our past, whilst reflecting the fresh and natural surroundings we call home.

Our products and their Shetland dialect names are inspired by nature and elements of the island life we live.

## OUR PRODUCTS

All our products are handmade in small batches.

All our ingredients are SLS and paraben free. We use PET plastic bottles which can be recycled and all our labels are peelable to aid recycling. Our traditional hard bar soap is wrapped in biodegradable glassine paper. Our creams and bath salts are packaged in glass jars.
