LOOKING AFTER YOUR CLOTHES NATURALLY

# About us

With a degree in fashion design and highly skilled in the art of tailoring, Julia Dee, founder of Total Wardrobe Care, knows just about everything there is to know about caring for clothing and home textiles.

Our British crafted, eco packaged anti-moth tool kit comprises a unique collection of natural products which can be used together in multiple combinations to get rid of clothes moths, protect clothes, rugs and all home textiles and keep them fresh and free from damage. We have been trusted for 21 years to protect historic properties and homes.

Julia has made it her life's work to source and build a selection of natural clothing and home textiles care products and her quest is by no means over. The joy of helping thousands of clients beat clothes moth for good means we are always on the hunt for new tools and techniques.

Our products are chosen for their natural properties and distributed to homes across the UK. We care for our customers' wardrobes and home textiles, from rugs and upholstery, like they are our own. All of our textile care and moth prevention knowledge is poured into our products, so you just have to order and set them up in your space. As our customers often say 'and they work'.

*“With the threat of moths and the damage that they can do to handmade rugs and carpets, we thought it best to find a line of products that were natural and didn’t cost the earth. Total Wardrobe Care’s range of Chrysanthemum based sprays and moth boxes work just as well as their chemical counterparts! The steady increase of moth issues from our long-time customers made us think about a solution that we could provide to neutralize the problem, and after consideration, TWC was the perfect fit for us. The service and staff are friendly and efficient, helping us with the B2B side of things too!”*

## Moth Box

Our effective Moth Box Trap attracts the male clothes moths onto the female pheromone-impregnated adhesive strip, which traps and kills moths. It is a completely non-poisonous alternative to chemical insect control and can be used in your rooms all year round.

**RRP - £10.00**  
Trade Ex VAT - £4.15

TWC - 91

## Moth Box Refills

A pack of 2 refills for our Total Wardrobe Care Trap Box. If you have already invested in our Moth Box, you will need to replace the adhesive sheets every 12 weeks to ensure that you continue to monitor the moth problem.

**RRP - £14.00**  
Trade Ex VAT - £6.50

TWC - 700

## Chrysanthemum Spray

An environmentally friendly solution to fight moths in your home. This Chrysanthemum Moth Spray is fresh, fragrant, and a highly effective natural alternative to chemical insecticides. The formula kills eggs, larvae and moths. It can be used to treat furniture, carpets the inside of wardrobes, or entire rooms.

**RRP - £25.00**  
Trade Ex VAT - £10.40

**To find out if you have clothes moths you need to place our Moth Box under a piece of furniture (not inside your wardrobe) or in a quiet undisturbed place and depending on how quickly the box fills up this will determine how bad your moth infestation is.**

**Our pheromone adhesive lasts for 3 months. Our refills are a perfect way to encourage your customers to keep up with their moth control.**
