... from kilt to catwalk

LOHCARRON

of SCOTLAND

With our rich textile heritage, traditional manufacturing processes, skilled craftsmanship and contemporary design we consistently capture and reinvent the enduring spirit of tartan and Scotland in our fabrics, scarves and accessories.

As the world's leading manufacturer of tartan, we are passionate about the tartan textiles we make in Scotland. Tartan is the thread woven through our history and is the story of our future.

Our dedication to the simplicity, constancy and inclusivity of tartan and it's ability to resonate across the globe makes our tartans integral to our customers collections from kilt to catwalk...

For 2020 we are delighted to present the Red Red Rose tartan, created and woven here at Lochcarron of Scotland. This tartan has been designed in recognition of one of Scotland's most renowned poets Robert Burns. The Red Red Rose tartan is named after one of Burns most famous works, the 1794 love song 'A Red Red Rose'. The song professes a love that is everlasting and was selected as inspiration due to the timeless sentiments of family, culture and heritage that are reflected here at Lochcarron of Scotland.

Tartan Design Service

As the world's leading manufacturer of tartan, we are all passionate about the tartan we design and make here in Scotland. Tartan is the thread woven through our history and is the story of our future.

With our rich textile heritage and contemporary design capabilities it is very fitting that we offer a bespoke service for tartan design. Inspired by your tartan brief, our in-house design team will create tartan patterns as prints generated through our CAD system. These designs can then be sent to you electronically or in print format for approval. Hopefully a more interesting option for you would be visit the mill and work directly with our skilled design team and use this as an opportunity to see just how we dye, warp, weave and prepare our fabrics and accessories ready for our customers.

We can also guide you through the process of registering your tartan with *The Scottish Register of Tartan* ensuring its place in tartan history.

As well as creating your own tartan, you can have your design converted into a wide choice of fabrics and accessories made here at our mill in Scotland.

*Designed, woven and registered here in Scotland
and proudly labelled 'Made in Scotland'...*
