

HEATHER

HATS & ACCESSORIES

2024 COLLECTION

A note from us

2024 is upon us and so a warm welcome to the new Heather brochure!

Heather has been supplying the retail sector with hats and accessories for more than a decade. Using first-class British fabrics, Heather is recognised as a brand that delivers on the key principles of exceptional choice and quality craftsmanship at competitive prices.

Our core Harris Tweed options comprise of hats, caps and bags in many different patterns and colours – from quirky pastels to more restrained herringbones. The Waxed Cotton products range from the classic country flat cap right through to more flamboyant ladies' styles. The core British Tweed options have been expanded to include an eight-piece and flat cap in Moon Shetland Twill fabric.

Further new products include Harris/Leather gloves for both ladies and men, as well as scrunchies, headbands and tartan feather brooches!

Heather endeavours to provide an in-stock service where possible and we pride ourselves on fast delivery with no minimum order. You can order from us by email, phone or through one of our agents. Details of the agent for your area appear at the end of this brochure. You can also order online at www.heather-fashions.com.

As always, we value the support our customers give us each year and we wish you all the very best for 2024 and beyond.

Best Regards,

Jon Stafford
Director

Fabric Brands

For over 10 years we have provided our customers with the highest quality classic styles at affordable prices. Over those years we have worked with the best British fabric brands to ensure our products are not only high quality, but stylish too.

Harris Tweed From time immemorial, the inhabitants of the Outer Hebrides of Scotland have woven a beautiful and intricate cloth the world knows simply as HARRIS TWEED. The islanders of Lewis, Harris, Uist and Barra produce this luxury cloth entirely by hand and have long been known for the excellence of their weaving.

Halley Stevensons are the world's leading waxed cotton fabric innovators, manufacturers and suppliers of specialist weatherproofed canvas. Established in 1864, they create outdoor fashion apparel fabric at their Baltic Works plant in Dundee, Scotland. The beauty of waxed cotton is its durability and longevity; it is built to last.

The fabrics are breathable, the wax adjusting to ambient temperature to be softer/more breathable in warm weather and stiffer/more wind proof in cold conditions. Its proofing can be maintained by the end user, by applying wax into the surface, keeping it soft, supple and weather-resistant

Founded in 1837 and with roots in apparel, Moon is one of the last remaining vertical woollen mills in Great Britain, with a reputation for consistent quality and innovative design. The Guiseley mill produces a huge selection of tweeds, twills, herringbones and plain weaves.

Mallalieu of Delph have been weaving fine fabrics in England for over 150 years. Five generations of family have been involved in the traditions and skills which have seen great technological changes in the way that wool, silk, cotton and other yarns are converted to fabric.
