About Me

Hello, my name is **Jay** and I am a designer from **Oban** on the West Coast of Scotland.

Springtide Designs was formed as an outlet for my creativity during the Covid lockdown in 2021. It's focus is on creating digital prints and illustrations inspired by my upbringing in coastal Scotland.

Springtide Design moved into selling wholesale to retailers in 2024 and has had a very positive reception, including some excellent feedback after exhibiting at **Scotland's Trade Fair** (Spring 2024).

A large emphasis has been made on using environmentally conscious materials in the production and dispatch of our products. Our printing partner uses sustainable printing practices and high-quality recycled card stock, and all packaging is made from recycled or compostable materials.

If you have any questions about becoming a stockist please don't hesitate to get in touch at SpringtideDesigns@outlook.com

Prints

(A5, A4, A3)
