Trade Brochure  
Autumn 2023

[papersheepuk.com](http://papersheepuk.com)

The home of beautiful keepsake cards, prints, notecards & stationery.

All are hand finished with sheep's wool to give a humorous, luxurious feel and they really do make people smile.

Our brand is based on original, quirky watercolour and ink drawings of animals, birds, wildlife and flowers with a strong connection to the countryside and nature.

We are very proud to be British designers and our products are printed and hand finished here in Norfolk using fully recyclable card and envelopes.

# Mini Cards

Our mini cards are very popular and come in most of the designs that we have in our larger cards. They measure 6 x 9 cms and are portrait and landscape format. Like the larger cards, they come with either a recycled fleck or an FSC-accredited coloured envelope and is wrapped in a cello. Each design comes in a pack of 6.

They look great next to the till and we purchase display stands from 3-D displays (florist card display) with a suggested layout of 8 landscape and 3 portrait (top shelf) designs.

## Notecards

Our notecards are printed in Norfolk on a textured 300 gsm board. Each recyclable box contains 10 hand finished postcards and FSC-accredited grey envelopes. The box is then tied with coloured string to make a great present. One 'unit' of notecards consists of 3 boxes of the same design.

Some of the themes feature 5 different designs; for example, Flowers and Garden Birds. Many of the themes feature just one design within each box; for example, Dachshunds, Hedgehogs, Hares.

# Prints

Our prints feature many of the designs that you find on our cards and come in a range of shapes and sizes. I will concentrate on the most popular and standard sizes, as these are very easy to frame from most high streets.

All prints are created and hand finished in-house on a quality, textured water colour paper and presented in a conservation quality double mount made in the UK. Pictures can be purchased individually and will come wrapped in cello to protect the finish.

Any print starting with an A is a standard A4 size and anything with a C is a standard 25.5 x 25.5 cms square. The non-standard sizes start with D, E and F. As with all of our products, please look at our website <https://www.Papersheepuk.com> for the full range.
