

NICOLA FISHWICK
DESIGNER AND MAKER

Hello and welcome to my trade catalogue!

My name is Nicola and I am the maker behind Heather and Haggis. I created the brand in 2017 while working in an independent gift shop on the south side of Edinburgh. We had lots of customers asking for "Scottish gifts for locals", sometimes for themselves as a celebration of the Scotland they know and love, or sometimes to send to people who had moved away as a reminder of home. I decided to put my design skills to use and made a tea towel featuring local areas within Edinburgh (which was a hit!) and my business was born.

I do the majority of the making and printing in my Edinburgh studio. I especially enjoy printing the bone china mugs because I love tea, and it makes me happy to think of customers sitting down with a fresh brew.

My latest designs are a Corbetts collection (page 3) to complement the best-selling Munros design, and a range of greetings cards themed around hiking and Munro bagging (pages 7 & 8).

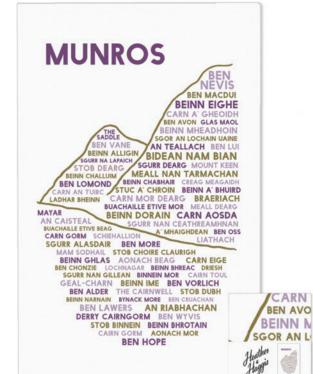

All products come in retail-ready packaging and barcodes are available if you need them. I try to keep my plastic use to a minimum, so all cards and unframed prints are packaged in biodegradable sleeves.

Thank you very much for taking the time to look at my products. If you would like any more information, or would like any samples, please do contact me on 07882 764 086 or at info@heatherandhaggis.co.uk.

With very best wishes,

Nicola
