

HEATHER

HATS & ACCESSORIES

2025 COLLECTION

A note from us

Welcome once again to the latest Heather Hats & Accessories brochure.

At Heather, we believe that a hat is more than just an accessory; it's an expression of personality and a practical companion for all seasons. Whether you're seeking a wax cotton hat to battle the elements or a newsboy cap for effortless style, our collection offers something for every occasion. Crafted with precision and designed for comfort, each hat blends timeless style with contemporary flair.

For 2025, we have added several new styles to our Harris Tweed range, especially in the women's collection. There is a new baseball cap, flat cap and bucket hat style – all in brand-new colours. The headbands and scrunchies were well received and, with the impulse buy in mind, we have introduced a selection of tweed keyrings – check out the quirky designs!

Heather provides an in-stock service where possible and we pride ourselves on fast delivery with no minimum order. You can order from us by email, phone or through one of our agents. Details of the agent for your area appear at the end of this brochure. You can also order online at www.heather-fashions.com.

As always, we value the support our customers give us each year and we wish you all the very best for 2025.

Best Regards,

Jon Stafford
Director

Fabric Brands

We pride ourselves on our use of premium quality fabrics, that provide the basis of each stylish and durable design. By always choosing to use exceptional fabrics, we ensure that every product will stand the test of time.

Harris Tweed

From time immemorial, the inhabitants of the Outer Hebrides of Scotland have woven a beautiful and intricate cloth the world knows simply as HARRIS TWEED. The islanders of Lewis, Harris, Uist and Barra produce this luxury cloth entirely by hand and have long been known for the excellence of their weaving.

HALLEY STEVENSONS SINCE 1864

Halley Stevensons are the world's leading waxed cotton fabric innovators, manufacturers and suppliers of specialist weatherproofed canvas. Established in 1864, they create outdoor fashion apparel fabric at their Baltic Works plant in Dundee, Scotland. The beauty of waxed cotton is its durability and longevity; it is built to last. The fabrics are breathable, the wax adjusting to ambient temperature to be softer/more breathable in warm weather and stiffer/more wind proof in cold conditions. Its proofing can be maintained by the end user, by applying wax into the surface, keeping it soft, supple and weather-resistant.

Mallalieu of Delph have been weaving fine fabrics in England for over 150 years. Five generations of family have been involved in the traditions and skills which have seen great technological changes in the way that wool, silk, cotton and other yarns are converted to fabric.

Founded in 1837 and with roots in apparel, Moon is one of the last remaining vertical woollen mills in Great Britain, with a reputation for consistent quality and innovative design. The Guiseley mill produces a huge selection of tweeds, twills, herringbones and plain weaves.
