

**HEATHER**  
HATS & ACCESSORIES

2026 COLLECTION

**A warm welcome!**

 Heather Hats & Accessories are delighted to launch their 2026 brochure.

At Heather, we see a hat as more than just a piece of clothing—it's a statement of who you are and a functional companion for every season. From durable wax cotton hats built to withstand the elements to classic newsboy caps that add a touch of style, our collection has something to suit any occasion. Crafted for comfort and designed with both tradition and modernity in mind, each hat offers a perfect blend of form and function.

This year's brochure is bigger and better than ever before. New ranges include Baird McNutt Irish linens and Halley waterproof cottons. There are several new styles in existing fabrics and new colours in our best-selling lines. All our products are shown off to great effect in the brochure complimented by fantastic new lifestyle images.

Heather provides an in-stock service where possible, and we pride ourselves on fast delivery with no minimum order. You can order from us by email, phone or through one of our agents. Details of the agent for your area appear at the end of this brochure. You can also order online at [www.heather-fashions.com](http://www.heather-fashions.com).

As always, we're grateful for your continued support, and we wish each of you a wonderful year ahead in 2026.

Best Regards,

Jon Stafford  
Director

HATS & ACCESSORIES

## Harris Tweed Collection

From time immemorial, the inhabitants of the Outer Hebrides of Scotland have woven a beautiful and intricate cloth the world knows simply as HARRIS TWEED. The islanders of Lewis, Harris, Uist and Barra produce this luxury cloth entirely by hand and have long been known for the excellence of their weaving.

## British Tweed Collection

ZH099 Otter (page 34)

Mallalieu's of Delph have been weaving fine fabrics in England for over 150 years. Five generations of family have been involved in the traditions and skills which have seen great technological changes in the way that wool, silk, cotton and other yarns are converted to fabric.

Founded in 1837 and with roots in apparel, Moon is one of the last remaining vertical woollen mills in Great Britain, with a reputation for consistent quality and innovative design. The Guiseley mill produces a huge selection of tweeds, twills, herringbones and plain weaves.
