H O M E

2025 Spring/Summer Catalogue

About us

At Malmö Home, we take pride in creating high-quality, handcrafted, refillable candle pots and bowls. We always use eco-friendly, water-based, and non-toxic materials that are created here in the UK.

Our range extends beyond candles to include minimalist aroma pebble sets and oversized room diffusers, designed to enhance your living space with a touch of sustainable luxury.

Handmade by Carol

Malmö Home was founded by Carol Day, inspired by nostalgia and childhood memories in Belfast.

Moving to England at six, Carol reconnected with her roots through candle wrapping, evoking the scents of her Granny's Irish home.

Today, Malmö Home celebrates sustainable homeware, grounding scents, and local craftsmanship.

Sustainability first

Our eco-friendly approach ensures that our products are beautiful and kind to the planet, making them a perfect choice for the environmentally conscious consumer.

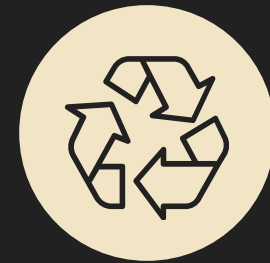

Natural Soy Wax

Our candles and melts are crafted from natural soy wax, which is vegan-friendly and free from parabens.

FSC-Certified Wicks

We use wood wicks that are FSC-certified, guaranteeing that the wood is sourced from responsibly managed forests.

Recyclable Packaging

We use recyclable packaging with paper filler, and our mist bottles are made from PET recyclable materials.

Core Scent Range

Bestseller

Black Plum Fruity plum & tart rhubarb

Angel Aura

Creamy vanilla, earthy musk & patchouli

The Spa

Enlivening peppermint & fresh eucalyptus

Sea Spray

What our customers say

“Absolute superb quality handmade pots. Exceptional service and attention to detail.”

Instagram Review

“I love my candles... but these are something else! Will definitely be keeping my orders up!”

Instagram Review

“My house smells amazing!”

Instagram Review

What our customers say

Malmö candles are gorgeous!
They smell divine and burn well.
The pots are simply beautiful and
such a great idea to be reusable.
I have already ordered my refill!
