Collect Them All!

Welcome to the Collector's Club, an exclusive series designed for enthusiasts of our unique 3D printed jigglets! These miniature fidget toys are not just fun to play with but also a delight to collect. Our Collector's Club brings you beautifully designed posters that showcase each jigglet in the series, complete with tick boxes for you to mark off the ones you've added to your collection. These posters are not only a handy way to track your progress but also serve as a vibrant display of your growing collection. Whether you're a seasoned collector or just starting out, our Collector's Club posters are the perfect companion to enhance your jigglet experience.

About Us

Welcome to 3D Studio Gifts, we are a family business dedicated to creating high-quality, unique products and gifts here in the UK. Our passion for craftsmanship and innovation shines through in every item we produce.

Our 3D-printed products are produced sustainably in the UK. Our products are made from plastic that has been made using food products the food industry can't use, reducing the need for virgin materials, and therefore minimising the environmental impact.

PLA is the type of material we use to manufacture our products which is a type of polyester made from renewable resources such as plant starch, corn, cassava, maize, sugarcane, or sugar beet pulp.

If you are interested in stocking our products then please reach out to our dedicated team.
