# About Me

Hello! I'm Kunal Tewari, the creative force behind Kunal Tewari Photography. I've been sharing my love for photography since 2017, with a special focus on capturing Glasgow after sunset.

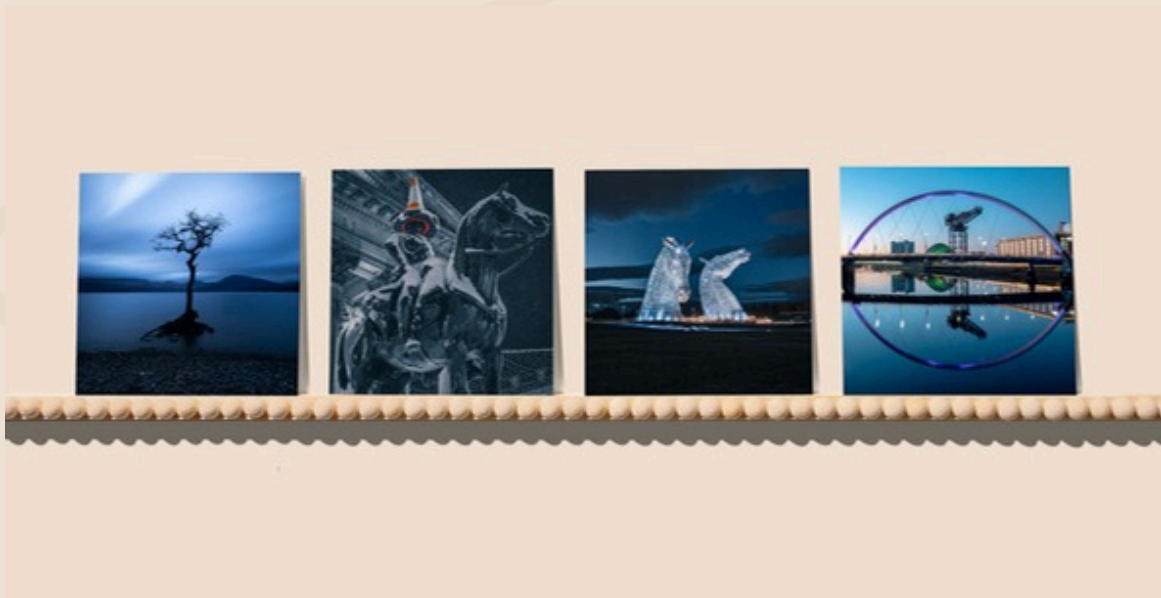

From the mesmerising glow of city lights dancing on the River Clyde to the vibrant energy of its streets after dark, my work seeks to reveal the stories hidden within Scotland's urban landscape. Each image is a journey—each greeting card or print a snapshot of a moment where light, shadow, and emotion collide.

My ranges include scenic prints of iconic Scottish locations—from the Barrowland and George Square in Glasgow to the majestic Glenfinnan Viaduct and Glencoe—alongside distinctive greeting card collections showcasing the city's character

I'm also pleased to offer a range of greeting cards both from Glasgow city as well as Scottish Highlands. I am also offering un-mounted prints. An enthusiast with a professional eye, I ensure each piece is thoughtfully composed, beautifully printed, and meticulously packaged—earning praise from customers for quality, presentation, and prompt delivery.

## Why stock KT-Perspective?

- Stand-out cityscapes infused with atmosphere and storytelling
- High-quality greeting cards & mounted prints, ready for retail
- Customisable options tailored to your preferences
- Proven customer satisfaction—happy clients across the UK
