About Us

Sara is an American-born illustrator who now calls Scotland home. Together with her husband, Sonny, they have been growing a business illustrating bothies and cabins in Northern Europe and the beautiful landscapes that surround them.

Sara and Sonny's mission through the business is to provide visual moments of retreat and to advocate for peace, slowness and quiet as a balance to the pressures and connectivity of present day life.

With a new focus on wholesale Greeting Cards we are excited to provide our beautiful landscapes in an accessible format centred around sharing.
