BILL SKINNER

Autumn/Winter 2026

Welcome to the world of Bill Skinner

The foundation of the Bill Skinner brand is rooted in Bill's deep appreciation for creativity, craftsmanship, and quality.

Each piece begins as an idea, imagined by Bill and the team in the heart of Kent, before being carefully developed into a characterful miniature. Finished by hand with meticulous enamel painting, every design is created to tell a story, and to be cherished and adored for years to come.

Nature, British heritage, and a love of storytelling sit behind everything I design.

Forest Friends

As the seasons turn and the woodland settles into its golden glow, a new chapter of stories begins. Curious mice, clever foxes, gentle hedgehogs and hidden forest treasures gather among ivy, berries and fallen leaves, each lovingly brought to life through Bill Skinner's signature hand-painted enamel and meticulous craftsmanship.

Our beautifully illustrated scarves celebrate these woodland stories in rich, intricate detail, where winding branches, ripe blackberries, hidden creatures and delicate blooms invite a closer look. Designed to be worn and treasured, each piece captures the wonder, whimsy and timeless charm of nature's quietest moments.

Forest Friends Lockets NEW

A playful nod to the much-loved fairytale, the Peapod Collection celebrates secret details and storytelling through beautifully crafted designs.
