Spring 2021

Say hello to our new Spring 2021 collection!

After the challenges of last year, we look forward with hope and optimism – and the prospect of longer days, sunshine and flowers coming to life certainly helps.

We are delighted to present our new collections – packed with new designs, fabrics and prints – and all designed to make life that little bit more special when out and about. Choose from a huge variety of handbags, scarves and accessories – all with a focus on design, quality and value for money. Whether it's a gift for someone, or something special for yourself, we hope you like what you see.

Now, more than ever, we are proud to be 'fabulous and fair trade' – and truly value the close relationship we have with our producer partners, who we have worked with for almost 20 years now! What you buy makes a massive difference for those we work with – and who have been massively affected by the impact of the pandemic. Thank you.

Best wishes
