**Sustainable stationery with style.**

Protecting the planet and supporting children's education projects worldwide.

Product Presentation

## **PRECIOUS PLANET**

The environment sits at the heart of everything we do. From recycled pencils to certified sustainable paper, we constantly strive to create stylish stationery you'll love and that positively impacts the planet.

## **YOU BUY, WE GIVE**

We give 10% of our sales turnover to children's education projects worldwide. We don't give on a profit basis, they are hard to come by these days! We give every time you buy. Which means every single purchase you make has a real purpose.

# VENT *for change*

VENT is one of a growing number of conscientious brands that combine beautifully designed products with impeccable eco credentials and an ethical purchasing alternative for customers.

Made entirely from recycled and sustainable materials their ranges also support children's education projects with every item sold.

Set up by social and environmental entrepreneur Evan Lewis, Bristol based VENT for Change combines its ethical & social philosophy with beautiful award winning design.

From its UK made pencils produced in-house from recycled CD cases, to its pocket books made using reclaimed coffee cup fibres and journals from recycled leather every item has a strong environmental message of its own.

**Sustainable stationery with style.**

## **Ambassadors for Change**

Since 2017 VENT have been giving their recycled pencils to charities, NGOs and volunteers working in schools and education projects around the world.

Sometimes a pencil is the one thing a child needs to attend school, and the education they receive will be the single most important thing they have to help lift themselves and their families out of poverty.

At VENT we give 10% of our net turnover to children's education projects worldwide and have given away tens of thousands of pencils helping children to get the education they deserve.

**Sustainable stationery with style.**

## Share a Pencil Day

In May each year VENT organises the UK largest FREE to participate global education awareness day for schools across the country.

More than 200,000 children have signed up since it's launch to learn more about the reasons millions of children worldwide are still missing out on the education they deserve.

Called **Share a Pencil Day** pupils have to share one pencil between two while taking part in the lessons and activities of the day, giving them first hand practical experience of what learning is like when you don't have all the resources they are used to here in the UK
