Great Products, Great People

At Shetland Soap Company, we work alongside adults with learning disabilities to produce a range of handmade soap and skincare products, inspired by the beauty of our islands.

Our Mission

We believe that everyone regardless of disability should have the opportunity to work. Given the right conditions, everyone has the potential to contribute to our society and in doing so will learn to value themselves and be valued by others. We are proudly part of the COPE Ltd a successful social enterprise based in Shetland.

Our Surroundings

Inspired by our history and unique surroundings we have crafted collections that pay homage to our past, whilst reflecting the fresh and natural surroundings that we call home.

Our Products

All of our products are handmade in our small production area in Lerwick, a stone's throw away from the sea. Each bar of cold pressed soap is hand mixed, hand cut, hand trimmed and hand wrapped.

We take great care to ensure that all ingredients used in our products are ethically and sustainably sourced. All our ingredients are SLS and Paraben free. We use PET plastic bottles which can be recycled and all our labels are completely peelable to aid recycling. Our traditional hard bars are wrapped in sustainable and bio-degradable glassine paper. Our Creams and Bath Salts come in glass jars.
