# A lifetime's experience in wool and sheepskin

Glencroft is a proudly British brand of trustworthy countrywear made from natural materials.

Established in 1987 in the heart of the Yorkshire Dales we take our inspiration from the surrounding countryside and way of life. You won't find us on any catwalks but you will find quality affordable timeless products, in both traditional and contemporary styles.

We manufacture the majority of our range right here in the UK, with

a small amount made in mainland Europe. Many of our products have been manufactured by the same people and in the same way for over 35 years.

Our experience sourcing and manufacturing British wool, Harris Tweed, sheepskin, cashmere and other natural fibre products ensures a high quality that lasts many years.

We'll tell you where everything is made and what it is made from to ensure an ethical supply chain from sheep to jumper or slipper wearer. In 2022 we created our very own traceable Clapdale wool yarn from local Yorkshire Dales sheep and you can now purchase our range of hand knit wool wholesale. In 2024 we will be launching a range of fully traceable woven items and tweed cloth.

We pride ourselves on being a trusted trade partner to retailers providing exemplary customer service, personal sales visits, quick stock turnaround, product support and a lovely cup of tea and biscuit if you come and visit us.

## A Personal Service

Ring us in our 200 year old converted limestone barn and you'll speak to Richard, Justina, Edward or Rose. Richard Sexton has worked in the wool and sheepskin industry since the 1960s and still hand finishes all our sheepskin rugs to this day. Edward is encouraging his parents to slow down a little bit and ensure we're fit for the next 37 years of business.

**We work with small independents, large national chains, and international buyers and retailers. Big or small we provide the same consistent service, contact us to find out more.**

# SLIPPERS, MOCCASINS & BOOTIES

Wool and sheepskin contains lanolin, a natural oil which can help to protect and make your skin soft. It also gives wool that distinctive smell - we love it.

## SLIPPERS, MOCCASINS & BOOTIES

Our slippers and moccasins are made from 100% wool or real sheepskin, responsibly sourced in the UK or Portugal. Our best selling baby booties are the perfect new baby gift.

THE  
**CLAPDALE**  
WOOL  
PROJECT

Manufacturing our own traceable wool, paying farmers a decent price for it and creating an annual economic circle for wool in the Yorkshire Dales is the goal of our Clapdale Wool project.

We source wool from 7 farms in the surrounding fields to our warehouse in the Yorkshire Dales, with farmers paid up to three times more per KG than the regular auction price as well as receiving a share of 10% of the profits.

This raw wool is sorted, scoured, carded, spun and knitted or woven in the North of England. From farm to yarn, garment or cloth within just 50 miles of the sheep.

Glencroft Rare Breed and Natural sheepskin rugs come from British sheep. These sheep are from farms across the British Isles where they have been free to roam the countryside and eat the grass. Sheepskins are tanned in the UK and every single Glencroft British sheepskin rug is then hand finished by Richard in our Yorkshire Dales warehouse.

The Dalesbred is our local sheep, bred for the fells of the Yorkshire Dales three peaks, they've inspired our mascot 'Henry' you'll find on our labelling.
