

Welcome....

...to our new Scottish regional catalogue. In here you'll find all of Emma's Scottish imagery and products- shown by area. Although this catalogue shows all of what is directly available- we are also able to take any of the single images shown and 'bespoke' them for you or we can create a true bespoke project for you too! Examples below...

We have updated and refreshed Argyll and Bute for this year, hopefully over the coming year or two we'll be adding and updating others too- do come and talk to us! Towards the back of this catalogue are samples of our more general ranges, Tweedies- created especially for us, for you by Abigail Mill, we've grown this range by adding more Ginger Coos products and tins too! Sheep in Sweaters are new too, and the ever popular Woolly Puffins. ** Our Scotland calendar proved popular last year so we'll be designing a new one ready for May!

Most of our Scottish regions have a matching 'in a Box' set of cards- ten small cards enclosed in a cello box with a wraparound postcard showing your customers the content designs... Retailing at £5.00 these are a must, and can be paired with matching sets and a point of sale on pages 25 & 26 of the general catalogue!
