Gift Shops • Deli's
Farm shops • Food halls
Camping-site shops
Community stores
Garden centre food departments

SUPER SIMPLE

Natural, Hearty, Tasty Family Meals

- ✓ Ideal for camping, caravans and motorhomes
- ✓ Gifts and hampers
- ✓ Savoury products are slimming club friendly
- ✓ Ideal for students

Why should I stock the Super Simple range?

They are different and stand out from other products on the shelves

They are visually attractive and create customer interest

They taste amazing!

They are "Super Simple" to make and will feed a family

We are a family business, and we distribute direct to retailers

Free shipping for orders paid upfront via the website (via unique trader code)

RRP £5 although many retailers sell successfully up to £6

**SUPER
SIMPLE**

Owners, Karen and Andy Turner, came up with the concept of a "Super Simple" range of soups, stews, risottos and puddings after being inspired by visits to markets in Canada in 2017.

The concept was really simple - combine all of the ingredients needed for top quality food into one attractive package.

Since then, the business and product range has grown substantially and there are now gluten-free and Vegan offerings, all within a tube which is home compostable.

The business has come a long way since the summer of 2017, but the concept remains the same; "Super Simple".

Each of our packs of soup, stews, risotto and puddings are completely handmade

Many just need water to make, all the dry ingredients are included

We have a wide selection of gluten-free and Vegan products

Each savoury pack makes at least 4 portions

The puddings require the wet ingredients, such as oil, margarine or eggs

The tube is home compostable and made from trees from sustainable forests
