VICTORIA GORDON ART

I'm Victoria and in 2019 I created Victoria Gordon Art. It all started in my kitchen after being diagnosed with a debilitating illness. This left me stuck at home, unable to work or continue my degree. That was when my partner gifted me some watercolours and the journey started...

Fast forward 3 years and I am the proud owner of a business creating artwork and producing a range of products featuring my designs. Victoria Gordon Art has grown into a business that now includes a studio and workshop. This allows me to take an idea all the way through to producing products myself all within the grounds of my

home. Ensuring the highest quality products that are as individual as the Wildlife featured on them!

As a genuine animal lover, one of the MOST important things to me is the environment. That is why I make every effort to ensure Victoria Gordon Art is as environmentally friendly as possible. If we all make a small changes, it has a big impact!

As everything is done in house, it enables me to ensure our Environmental & Ethical policy is adhered to. Which you can view on our trade website.

'CONNECTING YOU TO NATURE'

The aim of my artwork is to connect you to nature. My inspiration comes from a genuine love of the wildlife around me in Scotland. We are very fortunate to live in such a beautiful country and I am surrounded by inspiration. From my daily dog walks to wildlife tours in the Highlands, there is an abundance of wildlife around.

I see every animal in the flesh before painting them, as I find it helps me bring their individuality to my paintings. The main aim of each painting is to capture each animals

unique character, you will never see one of my animal's in a stylised pose as so often done in art. I use a realistic, yet fun and free watercolour style to ensure each painting is true to the original animal and portray their own personalities.

This is also why I name my animals, as they become such characters!

All of my paintings tell their own story and you can discover them on the following pages.

DESIGN INFORMATION

STEPHEN THE STAG

Stephen the Stag is from the Cairngorms National Park. The Red Stag is an iconic image when you think of Scotland and is one of my personal favourites. We were extremely fortunate to spot this magnificent animal whilst on holiday near Kingussie. I was immediately captured by his grace and felt inspired to paint him.

HAMISH THE HIGHLAND COW

Hamish is a handsome Highland Cow that we were fortunate to have at the bottom of the garden whilst on holiday in Ardnamurchan. He was an inquisitive beast and visited us regularly throughout our stay. I knew that I wanted to paint a Highland Cow from the offset and I thought he would be perfect.

HARRIET THE HARE

I am fortunate to be surrounded by fields at home, meaning I quite often get to see these beautiful animals. After a few weeks of spotting one regularly I felt compelled to paint one of these intelligent looking creatures. Harriet came from a local field near to Loch Leven in Kinross.

MEET THE ANIMALS!

BETTY THE BEE

This bee was buzzing around our garden one sunny afternoon. She was particularly fuzzy and the yellow shone through as she went about her work. Betty started out as a personal painting, in honesty I wasn't sure if people would like a bee in their homes. However, I loved her so much I had to try and fortunately this busy bee has become one of our best sellers!

PIPER THE PUFFIN

Piper is an adorable Puffin from the Isle of May, on the Fife coast. We were fortunate to get very close to these endearing and inquisitive creatures, giving me the opportunity to watch them in the air and on land. After our visit I felt compelled to paint one as they really are such unique characters.

FRASER THE KINGFISHER

Fraser is a stunning Kingfisher that we were fortunate enough to glimpse along the River Leven near Kinross. The vibrant flash of blue and orange as he dashed along river was mesmerising and I knew I had to paint him and use those incredible colours.

DESIGN INFORMATION

MEET THE ANIMALS...

CEDRIC THE BADGER

During a holiday on the Ardnamurchan Peninsular we were fortunate to have a family of 5 badgers visit. our holiday cottage every night. Many hours were spent late into the evening watching these inquisitive creatures. I decided as soon as they arrived that I was going to paint Cedric. He was the bravest of the bunch, coming right up to the windows.

OLIVE THE OTTER

Otters can be tricky to spot and many a day was passed trying to find one. Fortunately, after a tip from a very helpful local, we spotted Olive. Overlooking Loch Sunart, it couldn't have been more magical and I wanted to capture that moment with this beautiful, playful animal.

LOOKING FOR SOMETHING BESPOKE?

Please get in touch! I offer a bespoke gift ware service and I can create a range of products to suit your specific requirements. In addition, I also offer a commission service and would be happy to discuss any licensing partnerships and collaborative ventures.

For more information, please turn to page 21.

See Brodie the Polar Bear Cub, painted for the Royal Zoological Society of Scotland in 2022.

BESPOKE GIFT RANGES

DESIGNS & PRODUCTS

If you are looking to have your own gift range, featuring a bespoke painting by myself, I would be more than happy to help!

As everything is handmade in our workshop I can offer a bespoke gift wear service and can create a range of high quality products to suit your specific requirements.

I also offer a commission service and would be happy to discuss any licensing partnerships and collaborative ventures. Please send me an email to discuss your requirements.

I am currently working with the Royal Zoological Society of Scotland, painting some of their new arrivals and favourite animals. A sample of which you can see below.

HOW TO ORDER

WE HAVE NO MINIMUM ORDER SIZE AND CARRIAGE IS PAID ON ORDERS OVER £300!
