grace & blumë

Situated on the southside of Glasgow, Grace & Blumë is passionate about creating luxury organic skincare products.

Building on the successful launch of our organic soap ranges in 2020, we are excited to announce our expansion in 2021, to include an organic skincare range & organic herbal teas.

Handcrafted Soap and Salt Bars

All products are lovingly handcrafted by our founder & formulator, Laura Ghiro, using the traditional cold-process method. Our blends of organic essential oils provide not only delicate scents, but also therapeutic benefits.

Organic Soaps

Formulated using only skin-loving organic plant oils, organic essential oils for their scents, and organic powders and clays to create their natural colours. The result is extra-gentle soap, which is not only kind to your skin but also kind to our planet.

Organic Salt Bars

The combination of fine sea salt & pink Himalayan salt creates a mildly-exfoliating bar with a lotion-like lather. Enriched with organic aloe vera and organic shea butter, these bars are also deeply moisturising. Ideal for use in the shower.

Ethos

Responsibly sourced ingredients

All of our product suppliers have Soil Association organic certification, ensuring that they meet the strictest of environmental standards and guaranteeing that all of our ingredients are ethical and fully traceable.

Organic certification with the Soil Association is the gold standard for health and beauty products.

Palm oil free

It is commonly acknowledged that the deforestation crisis in the Amazon rainforest is primarily due to excessive animal farming and palm oil production. Palm is a hugely cost-effective crop with a high yield per land area, but lack of education and uncontrolled fires have created an ongoing problem. Whilst some suppliers are beginning to offer sustainably sourced palm oil, we feel more needs to be done to find a permanent solution.

Sustainable packaging.

Packaging is 100% biodegradable, using FSC-certified paper stock and printed using vegetable ink. All postal packaging is also fully recyclable.

Vegan & Cruelty free

All products are 100% vegan and cruelty free, including our 'Milk & Honey' soap, where we use organic oat milk and organic maple syrup.

Organic Certification

Many brands claim to be organic yet may contain as little as 1% of organic ingredients.

To gain Soil Association Organic Certification, 95% of all physically-processed ingredients must be organic.

Unlike the organic food and drink industry, beauty brands are not legally obliged to be organic certified making it difficult for consumers to know which are truly organic, without significant research.

From inception, we decided to formulate all of our products with Organic Certification standards in mind, and will continue to do so. Our current recipes were submitted for certification mid-2020, but due to the COVID-19 backlog, we are still awaiting final 'rubber-stamp' approval. However we are confident of attaining this in the near future, so stay tuned!

Giving Back

We believe strongly in supporting causes that are close to our heart, as well as important to our planet:

- BeeCause: Bees are essential to a healthy environment, relying on them and other insects to pollinate most of our fruit and vegetables. We donate 5% of profits annually from our 'Milk & Honey' soaps to this charity.
- Rainforest Alliance: A percentage of our entire annual profits are given to this charity to help educate farmers on the importance of land management within the Rainforest.

Handcrafted Organic Soap

Citrus Rose

One of our best sellers. A sweet floral fragrance with a creamy lather.

A sensual blend of orange, palmarosa and geranium combines with French rose clay in a soothing velvety lather.

Lemongrass & Eucalyptus

The perfect early-morning wake up call.

An invigorating bar infused with calendula flowers and French yellow clay to help brighten your day.

Lime & Coconut

Delicately scented soap with added skin-moisturising benefits of coconut milk.

Enriched with organic coconut milk for a rich, bubbly lather and delicately scented with lime and a dash of mint.

Tea Tree & Charcoal

A clean scented bar with skin-softening qualities.

Rosemary and eucalyptus complement this classic combination to help balance and purify the senses.
