# The Story of the Brand

---

It is difficult to ignore the mountain of single use plastic in our shops, homes and on our beaches. And so 4 years ago our family made a decision to reduce our plastic use.

Finding beeswax wraps was a game changer. Using our wax wraps eliminated our need for cling film and tin foil. And what we learnt was that beeswax wraps **KEEP FOOD FRESHER** for longer. So less **FOOD WASTE**.

And **Bumble Wrap** was born
