Total	£7.95

In support of all retailers of our products, both geographically and online:

We have always endeavoured to supply a max. of one retail store per postcode, to help protect exclusivity in their immediate locality, and avoid local pricing conflicts that might otherwise occur. Additionally, we naturally advocate the selling/advertising of our products via their respective online stores and will gladly provide them with product images as they require. However, we DO NOT advocate the selling/advertising of our products by any retailer via third-party online platforms (Amazon, Ebay, etc), as it is impossible to monitor discounts/offers that could negatively impact the sales of others retailers. Therefore, in fairness to all retailers, those who are seen to be selling/advertising our products via these platforms will be asked to remove them immediately. If you have any questions, or require any clarification on this policy, please contact Steve Powell at: steve@sjpcardsandgifts.co.uk
