The 8th Edition of **Education Buildings Wales** took place on 1 July 2025 and was held in partnership with the Welsh Government.

Hear what our attendees had to say about the day below...

"A great event and good opportunity to catch up with old contacts and make new connections. The presentations never fail to disappoint."

Luke Holloway
Associate Director, AtkinsRéalis

"My first time attending this year, and it didn't disappoint! Lots of energy in the room and a clear appetite for smarter, more sustainable solutions in school design. The passion across the sector is real, and it's great to see so many people pushing in the same direction."

Claire Rees
*Business Development Manager,
Ventive Limited*

"I left feeling positive about our industry's ecosystem and motivated to work even more closely with partners to push the boundaries of what we can deliver collectively. I'm proud to be part of a business that continues to improve outcomes for communities across the UK through our work on Welsh education projects and Welsh Government schemes."

Liam Poole
Director, McCann and Partners Ltd

"It's been a fantastic day attending **Education Buildings Wales**. Today was a reminder of the value in seeing familiar faces, making new connections, sharing best practice, and openly discussing the common challenges we face across the sector. These conversations are what drive progress, and it's inspiring to be part of a community so committed to shaping better learning environments for the future."

Matt Curtis
*Head of Programme Delivery,
Welsh Government conference*

SPONSOR PARTNERS | PARTNER NODDI 2025

“

Net Zero Carbon (NZC) continues to lead sector conversations, with each project deepening understanding and creating new opportunities for innovation and design. I also feel that Additional Learning Needs (ALN) is gaining momentum, driven by greater societal awareness and collaborative efforts to improve outcomes for learners. However, what I found most striking is the unwavering commitment across the sector, from delivery partners to policymakers to meet the needs of learners, families and communities. There is a special bond here in Wales that I don't think is replicated anywhere else in the UK.

”

NEAL O'LEARY

*Programme Director,
Sustainable Communities for Learning,
Welsh Government*

E: rebeccastrattennott@stepconnect2.com

Cynhaliwyd 8fed Rhifyn **Adeiladau Addysg Cymru** ar 1 Gorffennaf 2025 mewn partneriaeth â Llywodraeth Cymru.

Dyma oedd gan y rhai a oedd yn bresennol i'w ddweud am y diwrnod...

"Digwyddiad gwych a chyfle da i gael sgwrs â hen gysylltiadau a gwneud cysylltiadau newydd. Dydy'r cyflwyniadau byth yn siomi."

Luke Holloway
Associate Director, AtkinsRéalis

"Eleni oedd y tro cyntaf i mi ddod, ac ni wnaeth siomi! Roedd llawer o egni yn yr ystafell ac awydd clir am ddatrysiadau mwy clyfar a chynaliadwy wrth ddylunio ysgolion. Mae gwir angerdd ar draws y sector, ac mae'n wych gweld cynifer o bobl yn gwthio i'r un cyfeiriad."

Claire Rees
*Business Development Manager,
Ventive Limited*

"Gadewais gan deimlo'n bositif am ecosystem ein diwydiant ac yn barod i weithio'n agosach fyth gyda phartneriaid i wthio ffiniau y gallwn eu cyflawni ar y cyd. Rydw i'n falch o fod yn rhan o fusnes sy'n parhau i wella canlyniadau i gymunedau ledled y DU drwy ein gwaith ar brosiectau addysg yng Nghymru a chynlluniau Llywodraeth Cymru."

Liam Poole
Director, McCann and Partners Ltd

"Mae wedi bod yn ddiwrnod gwych yng nghyfarfod blynyddol **Adeiladau Addysg Cymru**. Mae heddiw wedi ein hatgoffa o werth gweld wynebau cyfarwydd, gwneud cysylltiadau newydd, rhannu arferion gorau, a thrafod yn agored yr heriau cyffredin sy'n ein hwynebu ar draws y sector. Y sgysiau hyn sy'n sbarduno cynnydd, ac mae'n ysbrydoledig cael bod yn rhan o gymuned sydd wedi ymrwymo i lunio gwell amgylcheddau dysgu ar gyfer y dyfodol."

Matt Curtis
Head of Programme Delivery,

SPONSOR PARTNERS | PARTNER NODDI 2025

“

Mae Carbon Sero Net yn parhau i arwain sgysiau yn y sector, gyda phob prosiect yn dyfnhau dealltwriaeth ac yn creu cyfleoedd newydd ar gyfer arloesi a dylunio. Rydw i hefyd yn teimlo bod Anghenion Dysgu Ychwanegol (ADY) yn ennill momentwm, wedi'i sbarduno gan fwy o ymwybyddiaeth gymdeithasol ac ymdrechion cydweithredol i wella canlyniadau i ddysgwyr. Fodd bynnag, yr hyn a oedd fwyaf trawiadol i mi oedd yr ymrwymiad diwyro ar draws y sector, gan gynnwys partneriaid cyflawni a llunwyr polisïau yn diwallu anghenion dysgwyr, teuluoedd a chymunedau. Mae cwlwm arbennig i'w gael yma yng Nghymru, sydd ddim i'w weld yn unman arall yn y DU yn fy marn i.

”
