

CARBON CAPTURE Technology NORTH AMERICA EXPO

14-15 JUNE 2022 / GEORGE R BROWN CONVENTION CENTRE
HOUSTON / TEXAS / USA

EXHIBITION PROSPECTUS

The world's leading international event for
carbon capture, utilisation & storage

*** 80+
EXHIBITORS**

*** 90+
SPEAKERS**

*** 1,500+
ATTENDEES**

*** 3 CONFERENCE
TRACKS**

FREE-TO-ATTEND EXHIBITION

Advancing the transition to negative carbon emissions

» Carbon Capture Technology Expo is dedicated to discussing the increasing role that Carbon Capture, Utilization & Storage (CCUS) will play in transition to a net-zero carbon economy. Leading experts from around the world will discuss the latest advances in new technology for carbon capture, storage and transport, as well as unique ways of utilizing CO₂ to produce net-zero fuels and for other manufacturing processes.

Reasons to exhibit

- **Showcase** your latest products and services in North America's only event dedicated to carbon capture, utilisation, and storage
- **Access** thousands of prospective customers, partners, and existing clients
- **Network** with leading representative and key decision makers from across energy markets and heavy industries looking to implement carbon capture as part of their future decarbonisation strategy
- **Position** your company as a leading technical partner for a low-carbon future
- **Benchmark** your products and services against industry competition
- **Keep** on top of evolving customer requirements

Products and services featured in the exhibition will include:

- Low-carbon hydrogen production
- **Storage solutions**
- Transportation and distribution
- **Hydrogen infrastructure**
- Energy conversion
- **Fuel cell design, development and manufacturing**
- Hydrogen from biomass
- **Hydrogen-Power and Power-to-X**
- Carbon capture, utilization and storage (CCUS) and hydrogen
- **Proton exchange membrane (PEM) and electrolyzer technology**
- Stationary energy storage systems
- **Industrial plant technologies**
- Liquefaction technologies
- **Advanced materials and composites**
- Gasification technology
- **Test, simulation and evaluation**
- Safety systems
- **Hydrogen fuels**
- Hydrogen injectors
- **Fuel-cell control units**
- Applications in process industries
- **Heating with hydrogen**
- Fuel cell components and auxiliaries
- **Thermal management**
- Hydrogen electrolyzers
- **Electrocatalysts**
- Fuel cell manufacturing and assembly
- **Membrane electrode assemblies (MEAs)**
- Refueling solutions
- **Internal combustion assistance (ICA) for cleaner diesel engines in HGVs**

Industries attending Carbon Capture Technology Expo North America

Carbon Capture Technology Expo will host more than 1,500 experts from across the technical supply chain and from a wide range of end-user industries including:

Hydrogen Producers

Cement & Construction

Oil & Gas

Energy & Utilities

Industrial Engineering

Offshore Energy

Pipeline Operators

Automotive

Heavy Industry

Steel

Process Industries

Petrochemicals

Rail

Industrial Vehicle

Maritime

Aerospace

14-15 June 2022

George R Brown Convention Centre, Houston, Texas, USA

Carbon Capture Technology Expo North America will take place alongside the Hydrogen Technology Expo North America

» Hydrogen Technology Expo is North America's must-attend conference and exhibition that is exclusively dedicated to discussing advanced technologies for the hydrogen and fuel cell industry. The event will bring together the entire hydrogen value chain to focus on developing solutions and innovations for low-carbon hydrogen production, efficient storage and distribution as well as applications in a variety of stationary and mobile applications.

More than 100 international speakers and over 1,500 attendees will come together to discuss, and see, the latest technologies and engineering solutions, advanced materials, manufacturing equipment, infrastructure, as well as test and evaluation tools and services to finally commercialize hydrogen as a mainstream provider of clean, renewable energy. PLUS – see more than 100 exhibiting companies in the main exhibition hall.

North America's leading suppliers trade fair for hydrogen technologies, materials, components, and engineering solutions

COMPANIES THAT TAKE PART IN OUR EUROPEAN EVENT INCLUDE:

SPONSOR & EXHIBITION STAND RATES

* STAND RATES

100 sq ft.....	\$4,600
150 sq ft.....	\$6,900
200 sq ft.....	\$8,800
300 sq ft.....	\$13,200
400 sq ft	\$15,600
500 sq ft.....	\$19,500
600 sq ft	\$23,400

*prices are space only

GOLD SPONSOR

- 150 sq ft complimentary exhibition space
- Logo on event homepage
- Logo on promotional material leading up to event
- Logo on email newsletters
- Speaking opportunity
- 4 conference passes

Investment level: \$20,000

SILVER SPONSOR

- 150 sq ft complimentary exhibition space
- Logo on event homepage
- Logo on promotional material leading up to event
- Logo on email newsletters
- 2 conference passes

Investment level: \$15,000

EXCLUSIVE

Additional exclusive branding available to compliment your sponsorship:

App sponsor.....+ \$15,500

Lanyard sponsor + ~~\$15,000~~ **SOLD**

Lunch sponsor.....+ \$12,500

+ all come with 1 conference pass

Included in your exhibition stand:

- Unlimited complimentary exhibitor passes
- Exhibitor profile (online and in the exhibitor catalogue)
- Complimentary exhibitor marketing
