

APP LOG IN DETAILS

1. Ensure you have activated your portal by submitting you 60 word showguide listing
2. Log in via, Portal > Show App & Lead Capture > Login To Sikta - Use the same email as the portal log in.
3. Invite any team members to the **APP only**. > New members must have [Exhibitor Badges](#) > on Sitka Website to go TEAM > ADD > and add the email addresses used to make the exhibitor badge.

If you want them to have the **APP SIKTA Portal access**, please tick their access green once they have accepted their invitation. More information can be found [here](#)

A screenshot of the DroneX Expo 2026 app management interface. The interface is divided into a left sidebar and a main content area. The sidebar contains a list of menu items: My listings, Company profile, Image gallery, Products, Offers, Ads & upgrades, Team (highlighted), Appointments, Lead management, and Analytics. The main content area shows the user's profile as Hannah J. • DroneX Expo 2026. Below the profile, there are two status messages: "Your listing is managed via an integration with E Zone, some fields cannot be edited via this portal." and "Essentials Plan: 4/10 team members added/invited". A table lists team members with columns for Team member, Portal access, Display?, and an Add button. The table contains three entries: HA HA, HT TEST, and Georgia Test. Each entry has a green toggle for Portal access and a grey toggle for Display?. Below the table, there is a section for Pending invitations, which shows one invitation for operations@uncrewedtechexpo.com.
