

FENTO BOARD M2

Designed for maximum protection and comfort

The FENTO BOARD M2 is an ergonomically designed knee board, specifically developed for comfort in rough working areas. Its unique FENTO wedge shape ensures even pressure distribution over the knee and lower leg, helping to prevent knee and back problems.

The BOARD M2 features a soft, shock-absorbing PU top layer that is waterproof,

easy to clean, and features both anti-static and flame-retardant properties.

Its wear-resistant bottom layer enhances stability, protection, and slip resistance.

Additionally, the magnetic tool tray is a handy feature that prevents you from losing small parts during assembly or disassembly.

UNIQUE ERGONOMICS

The FENTO Wedge distributes pressure evenly over the knee and lower leg to prevent knee and back problems.

WEAR-RESISTANT BOTTOM LAYER

provides more stability and additional resistance to wear. Suitable for use on all surfaces, both indoor and outdoor. Materials: PU, PVC label, magnet.

COMFORTABLE TOP LAYER

The soft and shock-absorbing PU top layer is waterproof, easy to clean, and has antistatic and flame retardant properties. The high-quality material does not dent after repeated use.

TOOL TRAY WITH MAGNET

The tool tray is equipped with a strong magnet so you won't lose anything.
