keyzo
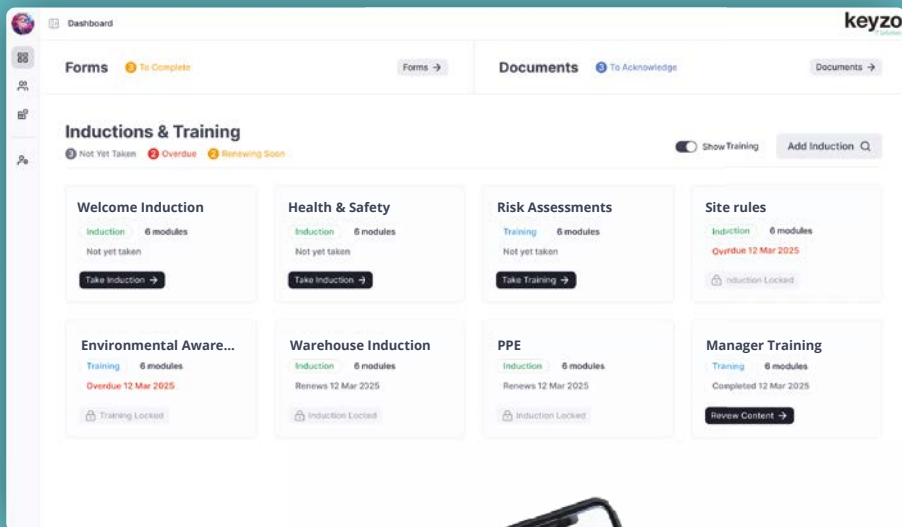

Online inductions for all personnel

Issue inductions and provide access to training material online. Give personnel the opportunity to review essential training before their arrival on site.

Easily upload content and arrange into modules and inductions. Adjust how long inductions are valid for and have your refresher training automatically distributed at the right time.

Code of Conduct

Auto assign inductions

Create workflows to auto-assign tailored inductions for each user, simplifying site training.

Request the right documents

Collect role-specific information upon registration, such as CSCS validation, certifications, insurance, qualifications and more.

Induct people **before they arrive on site**

Cross platform

Optimised for use on any device or platform, giving equal access to those with different technology.

Welcome!

You've been assigned:
New Starter Induction
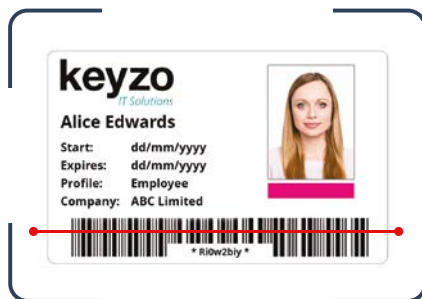

Start induction
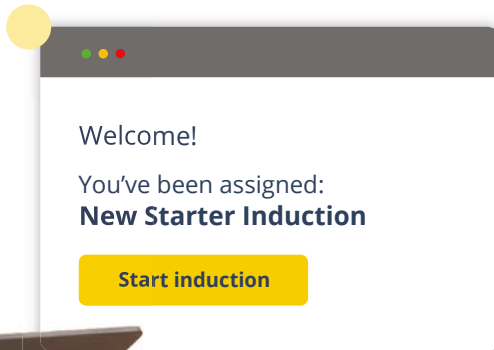

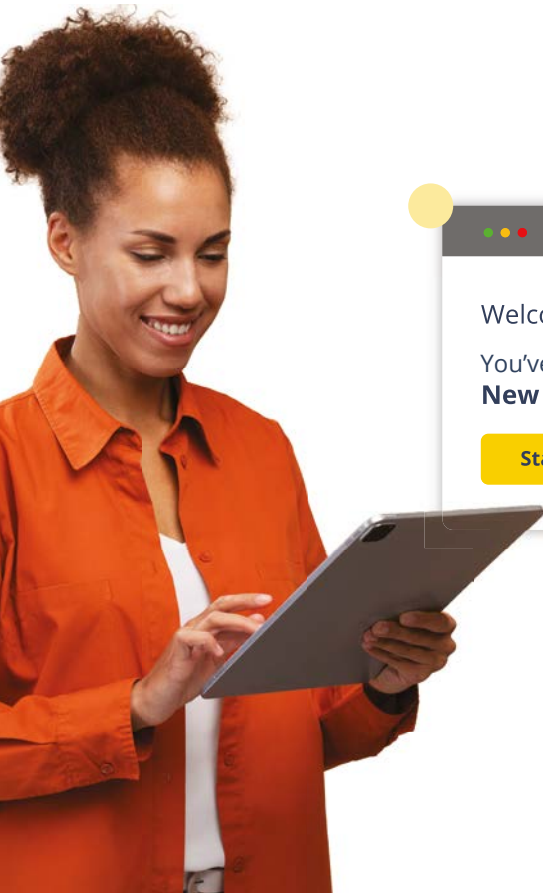

Accessibility

Uploads like videos are automatically compressed to accommodate signal and device- friendly learning for those in remote areas or with older devices.

Stay informed of **site activity**

Clock-in and out

Clock in and out of site with unique employee cards.

Cards are linked to user training, helping you maintain site compliance by flagging those with expired training.

Bristol Site Report
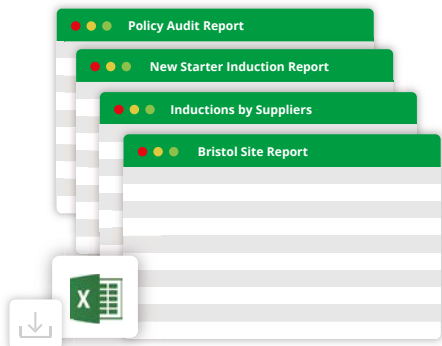

Document management
and forms

DocsHub

Store all of your important documents in one place.

Link documents to job roles or locations and automatically issue them to those who match.

Custom Forms

Create, send and track digital forms.

Live forms: 24/7 Access to important forms, like incident reports.

Assigned Forms: Manually issue forms on a need-to-know basis.
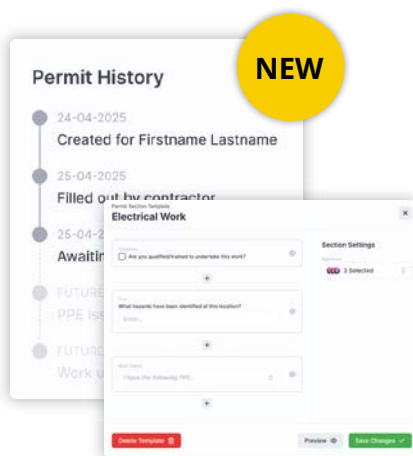

Custom workflows
made simple

NEW
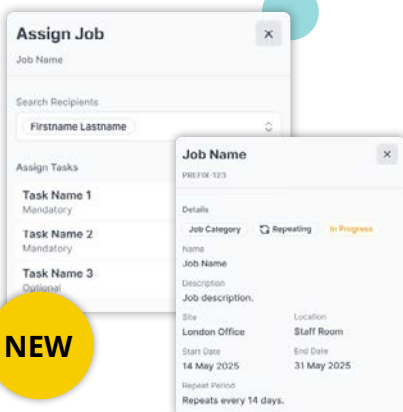

ePermit to Work

Create custom work permits, track statuses, and attach forms and photos all in one place.

✓ Auto flag expired permits

✓ Link related competencies

✓ Timestamped for compliance

NEW

Jobs

Create and assign jobs, monitor progress and maintain visibility across your workforce. With real-time updates, checklists and photo uploads, the Jobs module keeps tasks organised, accountable and compliant.

Branded for you, built for flexibility
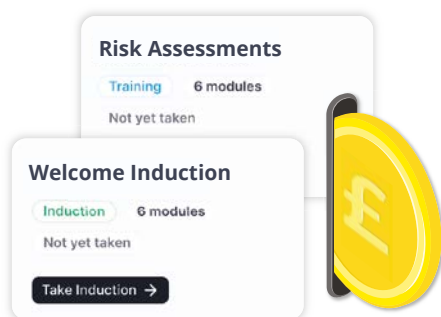

Induct & Go

A lightweight, pay-as-you-go solution for business that need to induct temporary, seasonal or irregular workers quickly and safely.

- ✓ Fast & simple inductions
- ✓ Essential reports

Make it your own

Our custom branding option allows you to match your organisation's visual identity, creating a seamless experience that reflects your culture and keeps every learner instantly engaged.
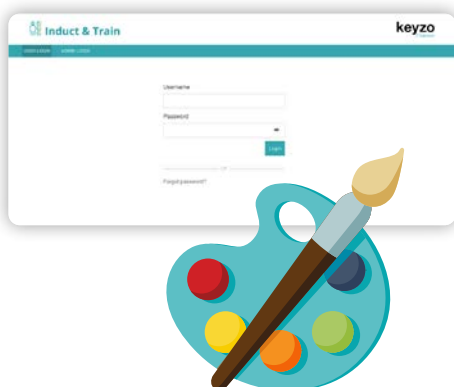

System safety and data security

Our infrastructure is secure and monitored 24/7, encrypted to secure traffic, and spread across two geographically separate data centres.

We are certified and maintain the standards of ISO 27001 and ISO 9001.

AWS are also certified and comply with:

- SOC 1/ISAE 3402, SOC 2, SOC 3
- FISMA, DIACAP, and FedRAMP
- PCI DSS Level 1
- ISO 9001, ISO 27001, ISO 2708

All system additions

Job Roles
Creation and allocation of role-based workflows.

On-Site
Track users on and off site, full audit logs, live data and reporting.

Notifications & alerts
Stay informed of urgent matters and manage tasks.

Red & Yellow Card Flagging
Maintain records of misconduct for users.

Security Desk
An induction register that displays induction status and info.

Jobs
Create jobs and allocate them to users, e.g. a task for a contractor.

Hosts / Visitors
Assign guests to hosts so security can inform the host of their arrival.

Companies Plus
Manage contractor companies by creating profiles and logging files.

DocsHub
Central library to manage and version control all your documents.

Self-Serve
Users can register themselves onto the system via a link.

Sites
Create site-specific information.

Quick Scan
Sign into site using digital identity/QR code.

Departments
Allows you to categorise users by department.

Multi-Profile
Users can have multiple inductions added to their account.

Forms
Create custom forms for users to complete.

ePermit to Work
Create custom ePermits and attach all related competencies.

Branding
Customise your space with brand colours and logos.

Induct & Go
Pay-as-you-go credit based inductions for seasonal work, agencies and more.

Your support, our priority.

Empowering businesses since 2009

At Keyzo, we partner with you to understand your unique challenges and deliver reliable solutions tailored to your needs. Count on us to help you do more, every step of the way.
