

SHE Knows... all YOU need to know about H&S

National Vocational Qualifications

SHE Knows offers NVQs in Occupational Health and Safety at levels 3, 5 & 6 as well as the Skills Assessor Awards.

SHE Knows issues a unique workbook to all candidates, this provides a route map, taking you through your NVQ step by step, evidence requirements are specified in a checklist format, and all cross referencing is undertaken for you.

NVQs are fully recognised by the **Institution of Occupational Safety and Health (IOSH)** and also **the International Institution of Risk and Safety Management (IIRSM)** for membership.

Assessors visit you at your site to observe you in your workplace and assist with professional discussions and portfolio building, so you can work towards your NVQ with the minimum of paperwork.

All candidates are issued with a workbook listing evidence requirements and Unit 611 assignment in the Level 5 qualification.

We can also offer a distance package, in addition to the above materials we work with Teams, Zoom, Dropbox etc so you can evidence your activities at work and on site. We can even chat via WhatsApp – whatever your communication preference – to give guidance and assessment of knowledge evidence and offer personal mentoring to assist you through your qualification.
