REAL WORLD TRAINING REAL WORLD IMPACT

“ As Airline Pilots, Human Factors and Decision-Making are at the core of everything we do. These principles have transformed Aviation Safety, and we believe they can do the same for Healthcare. PRISM-HD uses immersive training to bring safety from the Flight Deck into Medicine. ”

CAPTAIN HARRIETT POUND
CEO Flight Deck Strategic Solutions

“ Aviation has much to offer the medical and emergency service worlds, to eliminate errors, and save lives. ”
